The Greater University of North Carolina is composed of three major divisions. Our division is a multitude of physical parts; chalk, paper, machines, data, people . . . So are the other two divisions made up of similar quantities. However, here there are singular aspects of a technical institution which are outstanding in the collegiate world.

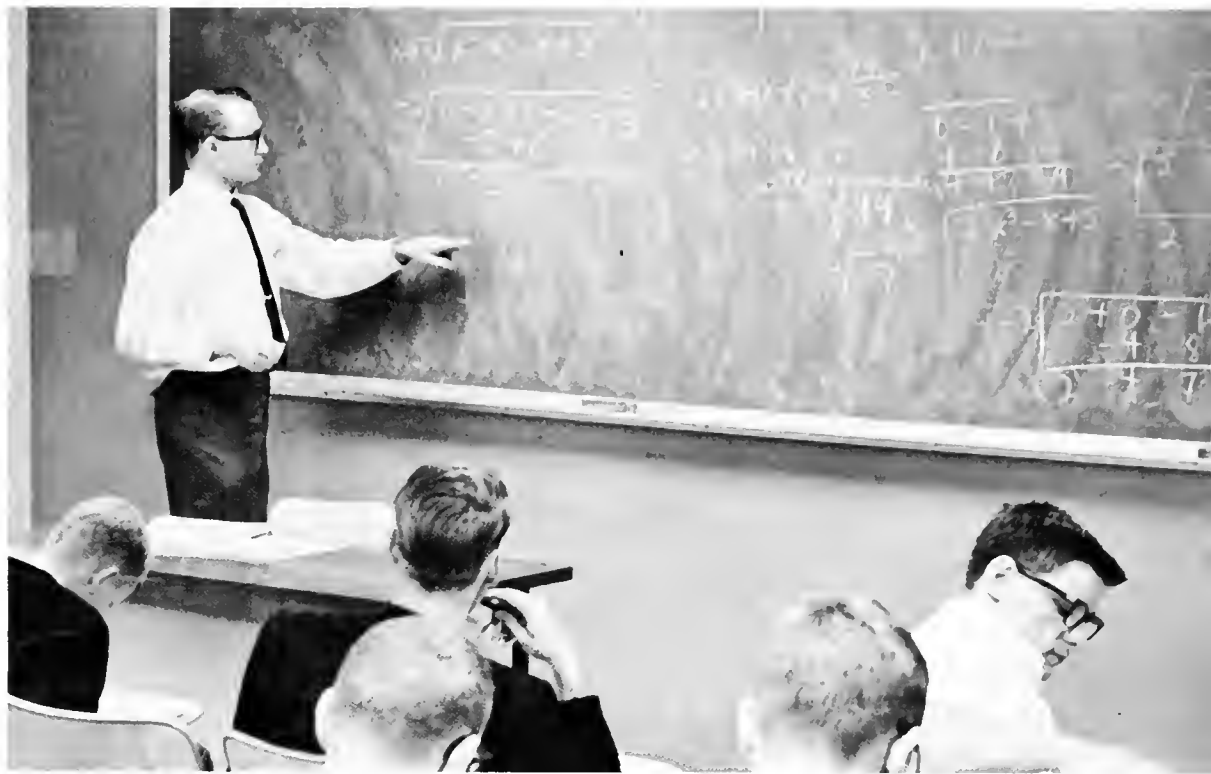

The Schools of Engineering, Design, and Physical Sciences and Applied Mathematics entertain the minds that will conceive and construct the Latter Twentieth Century Period. Therein lies the creative responsibility of this educational system. The school has a brief span in which to filter and refract the forces of this coming period. Perhaps this so eagerly attempted mass processing attacks the personality; but at least each field has its unique method.

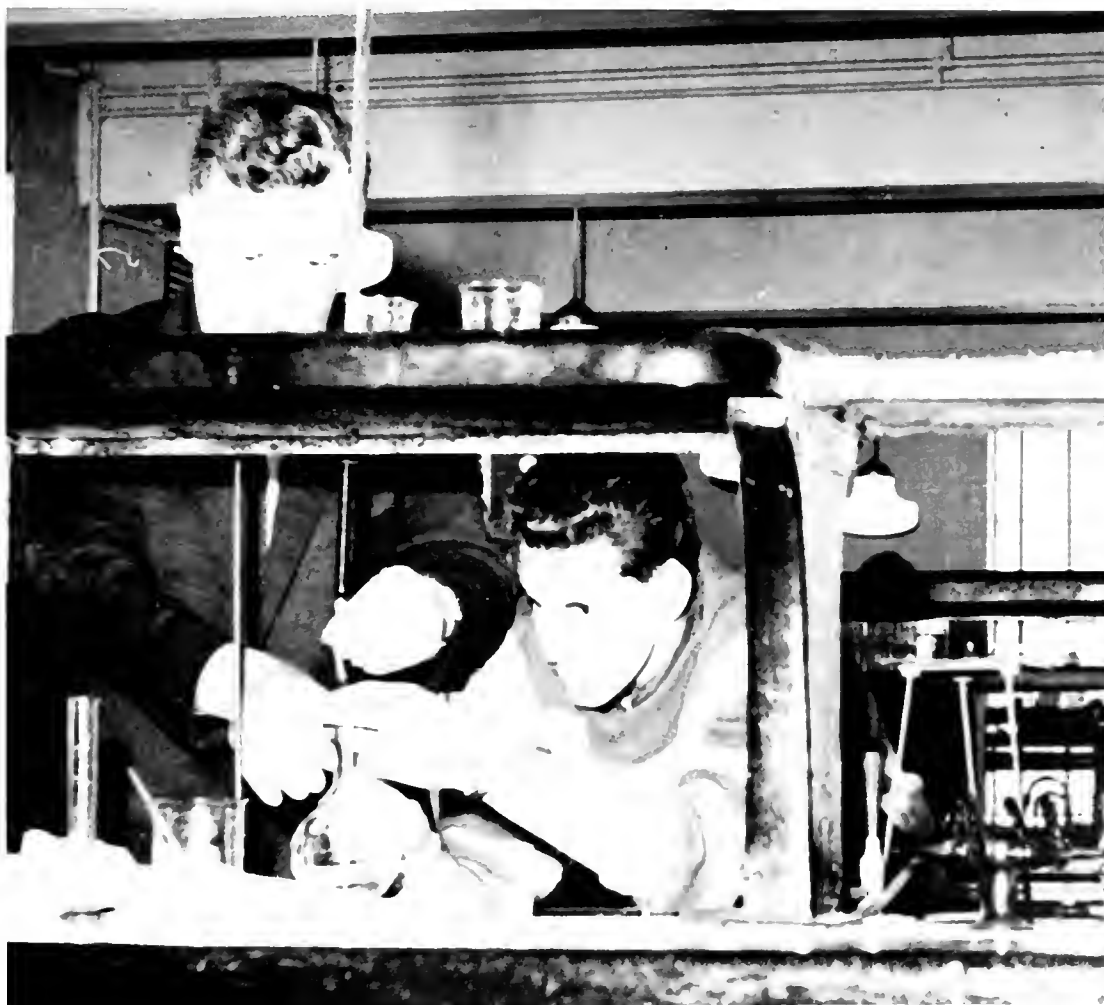

The magnitude and the difficulty of solution of the problems emerging from the sudden growth of our culture require an intelligent and forceful approach. The technical disciplines demand a serious attitude toward education and breed a pervading realism through academic experience. This background includes more than applied patterns and methods; it also contains knowledge of personal failure as well as capability.

There is nothing at State that forces the engineer or the scientist to be committed to one ethic or school of ideas. The diversity of ideas and their approaches within each academic community is contained only by the limits of civility. Even so, the older and the wiser usually succeed in directing the progress of education.

The release from the pressure rarely comes through the work itself, and it can hardly be dismissed. The seriousness of the one problem only accelerates the spontaneity and joy of the next pleasure, regardless of the distance between, and that is seldom great. At State there is no more commitment to one pleasure than to one ethic. Here the conversation and the art of being young are unique; sheer personal freedom soon fosters maturity.

The purpose of the school lies in the ability of its graduates to develop the material world to suit the needs of humanity. The individual must not become so involved with this purpose as to be unable to withdraw from it back to the warming flux of society. The scholastic and social communities create broad areas of leadership development and service opportunity.

Atkins, Johnston In Prexy Run-Off; Lowder Edges Downing For VP Post

Atkins Leads In Primary Race

By Ernie McCreary
Yesterday's election of Student Government president and vice-president featured two close races which have resulted in requests for recounts.

John Atkins led the presidential race with 563 of 2,252 votes and Herb Goldston trailed Steve Johnston 566 to 608.

The fourth candidate, Joe Paoletti, received 110 votes. Goldston has called for a recount of the ballots. If the recount shows no change in the outcome of the election Johnston will face Atkins in a run-off next Thursday.

Last night's returns show Terry Lowder defeated Bob Downing for vice-president by a slim 1,217 to 1,111 margin. Downing has also asked for a recount. Both recounts will take place Saturday morning, according to Jim Ferguson, chairman of the Elections Committee.

Atkins won practically every box, his biggest margin coming from the Havelston box, 176 to 71. Johnston won the Bragaw box 140 to 100.

Atkins' reaction to the voting was, "I am naturally pleased with the turnout and take it as strong encouragement for my program of building stronger school spirit and enthusiasm. In continuing my campaign I will urge those who supported me this time to continue their support."

"I will not take a rest in the hot because of the margin of vote in my favor because I know Johnston will be working hard. I will seek to add the backers of Herb Goldston to my supporters."

Johnston said, "I wish to thank my supporters. I think they did a fine job and want to urge them to continue the campaign into the runoff. I am very glad that I did not have the chance to visit all the students."

The Lull . . .

both on campus and in fraternities. But I certainly hope to accomplish this before the run-off. Meeting the students I have found not to be a task, but a real pleasure. I wish to thank those students that I met for taking their time to discuss problems common to Student Government and the student with me."

JOHN ATKINS

Many Senators In Run-Offs

Senators who were elected are listed by school and classes below. E indicates elected, R indicates runoff.

Freshman Senators: Robert E. Cole, E. 17; Jim Daugherty, E. 28; Juniors: Fran Martin, E. 25; Mark Nelson, E. 32; Sophomores, no one running.

Engineering Senators: John Vanhook, R. 116; William G. Prestest, R. 78; Jim Ferguson, E. 175; Johnny Gills, R. 95; Mike Stenhouse, R. 68; John M. Simmons, R. 71; Gene Eagle, R. 125; Juniors: Mike Smith, E. 231; Bob McNeill, E. 192; Ed Smith, E. 164; Ferman Wardell, E. 227; David Mettler, E. 199; Sophomores: Terry G. Sparks, E. 147; Wade Langford, E. 148; John L. Sullivan, E. 191; Jim Goffard, R. 111; John Hawkins, R. 109; Wyntel Bolica, E. 155.

Forestry Senators: Calvin Clark, E. 7; Bob Harrison, R. 12; Juniors: Tom Tomlin, E. 24; Sophomores: Jeff Schneider, E. 31.

Liberal Arts Senators: Walter Richardson, E. 11; Juniors: Robert Coburn, E. 14; Sophomores: Coley Parsons, E. 22.

PSAM Senators: Bill Jones, E. 26; Juniors: John Piazzi, E. 29; Sophomores: Myron Cagle, E. 31.

Textiles Senators: Bill Bowls, E. 37; Jim Somnitz, E. 33; Juniors: Ken Moore, R. 16; Cecil Lambart, R. 25; Edwin Scott, R. 21; William C. Schwartz, R. 23; Sophomores: Johnny Handal, R. 9; Ted Fawcett, R. 4; Max Cagle, R. 17.

Apparel Senator: Gordon Smith, E. 43; Frank Bremer, E. 45; Juniors: Donald Newsum, E. 61; Tommy Carter, E. 66; Sophomores: Bernard Smith, E. 47; Terry Parrish, E. 44.

Design Professionals: John R. Braman, E. 7; Seiler, James Fletcher Barnes, E. 10; Juniors: John Kinney, E. 27; Sophomores: Richard R. Goodhart, E. 44.

Classes Say 'No' To Kiosk

By Bill Fubbers

The kiosk was defeated on Thursday voting by an overwhelming vote of 149 against to 141 for.

Designed by Earl Long fifth-year student in architecture, the kiosk was proposed as a central information display area. It was to have been an all-class gift for the next four years, costing \$2,400.

All classes voted against the kiosk in force, with the sophomore being the major opponent. The Senior Class defeated the proposal by the almost margin, 140 to 178.

Art Malloy, speaking for the Senior Class officers who received the kiosk said, "Naturally, we were disappointed. However, we are glad it came to a vote, and we learned the true feelings of the students. We will now try to pick a project that is suitable for the Senior Class to present."

The kiosk proposal, while it did not pass, was evidently the most popular contest on the ballot. Various comments were written on the ballots.

The ballot read "I would like my class to participate in the all class gift." The response was, "Yes get rid of Slater." "Yes, but not the kiosk," and others.

Some students complained the ballot was not clear, because they were in favor of an all class gift but were opposed to the kiosk. One ballot voted against the kiosk read, "Unless it is sponsored by the Campus Beautification committee."

Runoffs

The Runoff Election for all offices not determined in yesterday's balloting will be held on Thursday of next week according to SG Election Committee chairman Jim Ferguson. Student Government will meet again next Thursday night to count the ballots.

Downing Seeks Recount

By Ernie McCreary

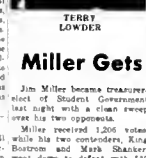

Bob Downing has asked for a recount, but it appears that Terry Lowder has won the vice-presidential race.

Last night's count was 1,217 to 1,111 in Lowder's favor. Before the last ballot box was opened, Lowder led 1,111 to 1,103. This box, from the Enoch Berry-Bagwell quad, gave Lowder the winning margin.

Downing said last night, "It was a close race, and I have called for a recount since I am only down by about 60 votes out of 2,000. I don't know whether it will make any difference in the final outcome, but I think it's worth a try."

TERRY LOWDER

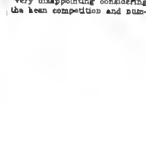

BOB DOWNING

Miller Gets SG Treasury

Jim Miller became treasurer-elect of Student Government last night with a clean sweep over his two opponents.

Miller received 1,206 votes, while his two contenders, King Burdette and Mark Shanker, went down to defeat with 502 and 503 votes, respectively.

While Miller was battling it out for the position of treasurer, Jackie Mitchell was swept into the office of SG secretary with a total of 2,141 votes. He was unopposed.

JIM MILLER

The small amount of State students voting in this election has even divided below the thirty per cent mark.

Last year 2,218 students out of 11,850 enrollment went to the polls. This figure was computed on the basis of undergraduate enrollment. However, the voting population included graduate students. This year's total of 28 per cent voting was computed on the basis of 2,252 out of 7,820 students.

Both totals were far below the total for 1962 total and very disappointing considering the keen competition and numerous

... And Then The Storm

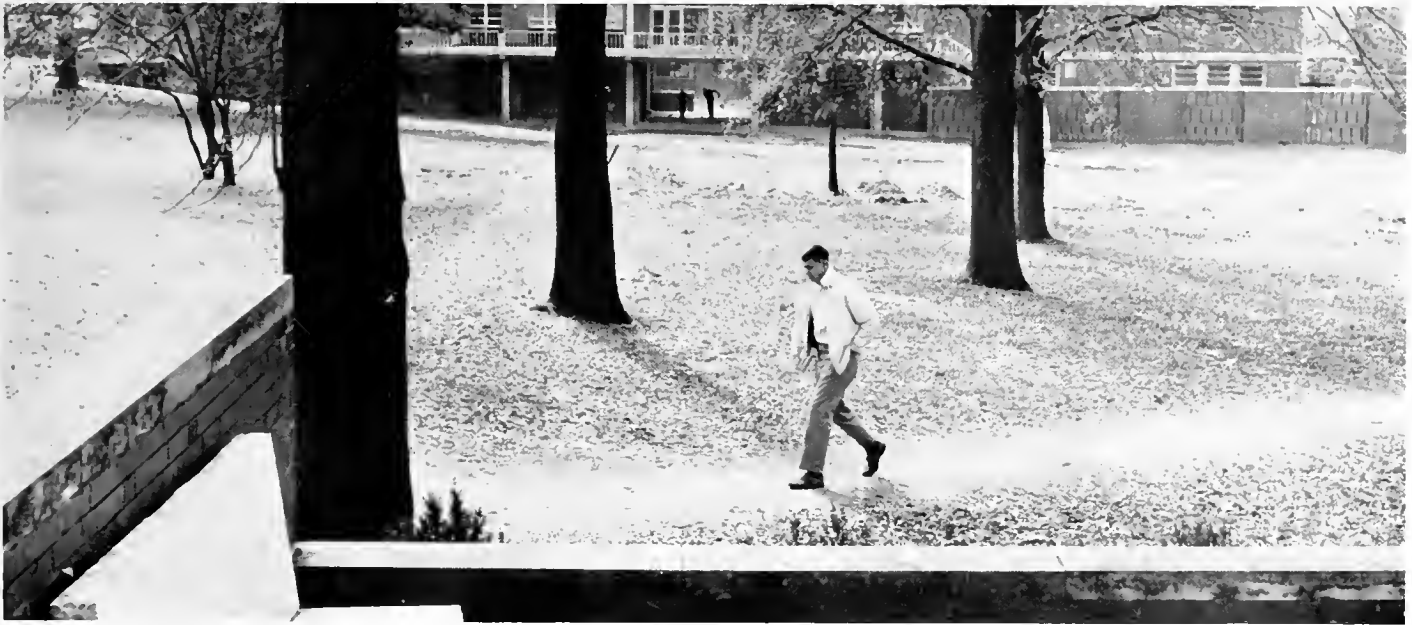

This **Agromeck** is a yearbook devoted to an introspective view of that personality which is the State Man. This view is merely descriptive rather than sharply definitive. To that entity we dedicate this book.

ACADEMICS

ADMINISTRATION

WILLIAM C. FRIDAY

WILLIAM C. FRIDAY

President of the
Consolidated University

I am privileged to express greetings and best wishes to the newest of my fellow alumni in this permanent album of the Class of 1964. You have been inducted into a fine tradition made precious by the obligation and the opportunity that it affords for service to your fellow man.

I think there is no loyalty that glows with brighter fervor than that attaching to our Alma Mater. You will find that Alma Mater is also loyal to her sons and daughters and finds her greatest joy when they have broadest success and fulfillment.

I have no doubt that as the years go by you will from time to time leaf through these pages with ever increasing sentiment and appreciation. It is my wish that each passing year will find you increasing also in the realization of the ideals which you now hold and affection for N. C. State.

JOHN T. CALDWELL

The contributions of North Carolina State to the advancement of the American society are immeasurably great. Though research, extension, and technical aid are a substantial part of our effort, the resident educational function is still the central concern.

You who chose to come here for your higher education and hope to take away a diploma have reason to be proud of your undertaking and your success.

Many ingredients contribute to the accomplishments of the American civilization. Among them are the widespread availability of higher education, respect for useful learning, and intellectual freedom. The Land-Grant colleges and universities have pioneered in making these elements a real part of our national life. This is the spirit of your Alma Mater. May the decades unfold for you the blessing of your days at "State."

JOHN T. CALDWELL

Chancellor of
N. C. State

HARRY C. KELLY
Dean of the Faculty

The Dean of the Faculty has the responsibility for all phases of academic affairs, the library, college extension, summer sessions, and the college television station. Dean Kelly has interpreted the main objective of the University to be helping young people, who entrust their intellects to the school for four years, meet the change in their environment brought on by the new emphasis on science. Research has become one of the most important facets of N. C. State's development programs. The school has also increased its attention to in-state and regional industrial adaptation.

The Division of Student Affairs is composed of the following departments: Admissions and Registration, bearing the responsibility of informing prospective students, admitting them, and keeping records, schedules, and reports; Counseling and Financial Aid, providing orientation, counseling, and financial aid and part-time jobs for those in need; Student Health Service; Student Housing Department, operating dormitories and married student housing, and advising the Interdormitory Council; Student Activities, working with all student organizations; and Military.

JAMES J. STEWART
Dean of Student Affairs

The year's most outstanding change in the Admissions Office has been its move to more comfortable, spacious and decorous housing in Peele Hall, which should aid in making N. C. State more attractive to interviewing college applicants. There has been a larger number of applicants this year, and the scholastic strength of the applicants has also increased, particularly in the mathematical skills.

K. D. RABB
Director of Admissions and Registration

W. L. TURNER
Business Manager

Because of the recent retirement of Mr. J. G. Vann, Dr. W. L. Turner has assumed the responsibility of managing N. C. State's business affairs, which involve more than thirty million dollars in a fiscal year. A native of Rocky Mount, Dr. Turner received both his B.S. and M.S. degrees at State and obtained his doctorate in public administration from Harvard.

The Department of Student Housing seeks to provide the very best facilities possible within the means of the University at the lowest cost to the student. State's first high-rise residence hall opens this year, and a similar hall is planned. Continuous efforts are in progress to make University housing conducive to high academic pursuit. An orientation program endeavors to develop mature attitudes and habits among the residents and encourages their participation in athletic and social programs.

N. B. WATTS, Director of Student Housing, and his Assistant, JOHN KANIPE

GERALD G. HAWKINS, Asst. Director of Student Activities;
BANKS C. TALLEY, JR., Director of Student Activities;
TOM L. COVINGTON, JR., Asst. Director of Student Activities.

The Department of Student Activities is responsible for Student Government and the judicial system, the YMCA and all religious programs, the social fraternities, the Erdahl-Cloyd Union, student publications, and all student clubs and societies. The Department is now dealing with a wide range of objectives including the expansion of the student union program, increased attention to the fraternities, involving both the opening of the new fraternity housing project and broadening the concepts of the fraternity program, and the implementation of the academic integrity study being conducted with the aid of Student Government.

R. W. Shoffner replaced L. L. Ray as the Director of Foundations and Public Relations on March 1, 1964. Mr. Shoffner was formerly the Assistant to the Dean of the School of Agriculture.

The primary purpose of the foundations which his office supports is to raise funds in order to assist programs in teaching, extension, and research. Many distinguished scientists and professors are at State today because of these foundations, which raised \$1,227,000 last year.

LYLE B. ROGERS
Director of Counseling

R. W. SHOFFNER
Foundations and Public Relations

The Director of the Counseling Department is Dr. Lyle B. Rogers, who received his Ph.D. in education from Columbia University. The Counseling Department has a full-time staff to help students with problems of vocational and curriculum choice. The Department administers various aptitude and interest tests and maintains a file of occupational information. Referral can be made for students desiring remedial work in speech, reading, and other areas.

SCHOOLS

DEAN H. BROOK JAMES

Ladybird samples instant potato flakes.

SCHOOL OF AGRICULTURE

The School of Agriculture has acquired a new name—The School of Agriculture and Life Sciences. This revised name places new emphasis on such biological sciences as genetics, zoology, plant pathology, entomology, botany, and bacteriology. A freshman enrolling in this School now chooses from four curricula: agricultural technology, agricultural business, agricultural science, or biological sciences.

Dr. Speck and graduate students study desirable bacteria.

First Row: Pres. B. Matthews, V-Pres. C. Porter, Sec. A. Graves, Treas. C. Miller, Reporter J. Arnold; **Second Row:** M. Hupko, J. Reid, B. Hege, B. Marlin, J. Brendle, F. Cherry; **Third Row:** J. Hodgins, F. Barkley, R. Harris, M. Reid, Advisor Dr. F. E. Hester, Advisor M. B. Wise.

The Agricultural Council is the governing body of the School of Agriculture and Life Sciences and is composed of the president of each of the twelve departmental clubs in the School of Agriculture and the Department of Agricultural Education. The chief function of the Council is to coordinate activities of the clubs and to disseminate information to the students in the school. This past year, the Council sponsored a freshman orientation barbeque, a student agricultural fair at the N. C. State Fair, helped to coordinate the Ag Open House program, sponsored a fall combo party, and published the **Ag Student**.

"I'll give you two drumsticks for a breast."

SCHOOL OF DESIGN

The School of Design is devoted to the development of a native art form in the practical and useful arts. It is intended to act as an educational center which unifies different design professions in the fundamental knowledge and methods which they share. Its further intention is the education of men who will be competent within a particular field of design. Because character, a profound devotion, and an absolute professional commitment are prime ingredients of any creative activity where the social responsibilities are as vital as in architecture and design, the School also seeks to foster and cultivate the integrity of the individual.

DEAN HENRY L. KAMPHOEFNER
School of Design

Crit.

Strangely enough, a drawing board is necessary for some education majors.

DEAN J. BRYANT KIRKLAND
School of Education

And the work goes on and on . . .

SCHOOL OF EDUCATION

The School of Education offers the degree of Bachelor of Science in the following fields: agricultural education, industrial arts, industrial education, mathematics education, science education, and recreation and park administration. The curriculum leading to each degree includes courses designed to aid prospective teachers in acquiring an understanding of high school pupils, and in selecting and using acceptable teaching methods. A Master of Education or M.S. degree is available to students majoring in agricultural education, industrial arts education, industrial education, and occupational information and guidance.

SCHOOL OF ENGINEERING

DEAN RALPH E. FADUM

The Advisory Council lends a helping hand

The School of Engineering is organized into nine departments: Agricultural, Chemical, Civil, Electrical, Engineering Mechanics, Industrial, Mechanical, Mineral Industries, Nuclear, and Research.

Today the demand for men of high technical competence in engineering skills is greater than ever before. This demand is reflected not only by high median starting salaries of graduates in engineering, but also in the increased enrollment of the graduate school. There has also been an increase in the number of scholarships and grants available for graduate work, in addition to the many teaching and research assistantships that are now available to qualified students.

Dean Fadum introduces the committee chairmen at the opening of the 1963 Engineers' Fair.

to the School in planning for the future.

Outstanding seniors are knighted into the Order of St. Patrick at the annual St. Pat's Dance.

The Engineers' Council is the student governing body within the School of Engineering. The Council draws its operational power from representatives of the technical societies and from fees paid by the students at registration. It is the aim of the Council to present to the public, through a number of activities, a true picture of engineering. At the same time, the Council strives to instill the proper sense of responsibility and professional pride in the engineering students at North Carolina State.

ENGINEERS' COUNCIL

First Row: Pres. S. White, V-Pres. C. Runkle, Sec. E. Thomas, Treas. T. Gray, V. Durrett, J. Clocker, J. Buchanan, C. Pugh; **Second Row:** R. Smith, G. Simon, N. Payne, T. Capps, C. Reames, B. DEAN R. J. PRESTON
School of Forestry

SCHOOL OF FORESTRY

The School of Forestry at North Carolina State has a two-fold purpose. First, it must provide the professional education to individuals who will manage the forest resources. This education must include not only a mastery of the scientific techniques of forest production but also a broad training in the sciences and liberal arts which will enable the individual to become a leader in his professional field and an enlightened member of our citizenry.

Second, it must provide, through research, a scientific base for the most efficient use of forest lands and the efficient utilization of the products and services derived from it.

Leakes and Coville participate in a logrolling conclave at Clemson.

SCHOOL OF LIBERAL ARTS

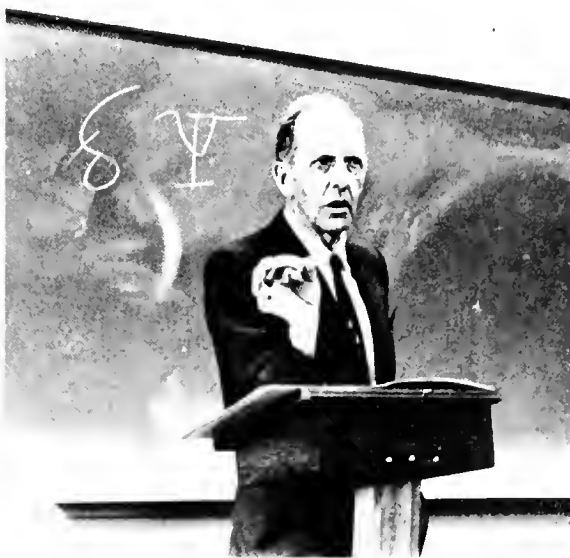

DEAN FRED V. CAHILL, JR.
School of Liberal Arts

DR. EDSALL, Dept. Head of History and Political Science, and students discuss the legislative process with Dr. Holtzman (not pictured).

The School of Liberal Arts exists to serve the people of North Carolina in two principal ways. First, the School offers programs leading to the degrees of Bachelor of Arts and Bachelor of Science. Second, the School offers work in the humanities and social sciences.

The programs in the School attempt to provide both breadth and depth. They are designed to acquaint the student with the complexities and opportunities in our modern society and to prepare him to assume the responsibilities of an enlightened citizen in the contemporary world.

A. B. R. Shelley of the English Dept. relates the secrets for writing letters that get results.

"... and above all, that government is best which governs least."

SCHOOL OF PHYSICAL SCIENCES AND APPLIED MATHEMATICS

The primary objectives of the School of Physical Sciences and Applied Mathematics are the training of scientists and mathematicians; the technical support of curricula in Agriculture and Life Sciences, Design, Education, Engineering, Forestry, Liberal Arts, Textiles; and original research in science and mathematics. Individual creativity and comprehension are emphasized in the curricula of the School's four departments: Chemistry, Experimental Statistics, Mathematics, and Physics. The M.S. and Ph.D. degrees are available in each department, except in Chemistry where approval of the Ph.D. degree is imminent.

DEAN ARTHUR C. MENIUS, JR.
School of Physical Sciences
and Applied Mathematics

"Why am I always the last one to finish?"

SCIENCE COUNCIL

The Science Council is the student governing body for the School of Physical Sciences and Applied Mathematics. Membership is open to any undergraduate in the curricula of chemistry, mathematics, physics, or statistics.

We produce leaders in the School of Textiles. Our young men and women will be leaders in industry, business, research, and education. That's what we train them for. But our people will be leaders too in politics, in professional organizations, civic clubs, and fraternal orders. They will be citizen leaders. We train them for that too. We're proud of the leadership training we offer. Our students reflect it on campus. We have only 486 undergraduates—just 8 percent of the total NCS enrollment. But from the ranks of our 486 students have come men and women who hold at least 15 of the top elective and appointive posts in student organizations. Yes, we produce leaders in the School of Textiles, and it shows all over the University.

OUTSTANDING TEACHERS

PROFESSOR JESSE S. DOOLITTLE
School of Engineering

Professor Jesse S. Doolittle, a member of the mechanical engineering faculty at North Carolina State, was selected as the college's "Outstanding Classroom Teacher of the Year" by the 1963 graduating class.

Professor Doolittle, whose special interests are in the areas of thermodynamics, heat transfer, gas turbines and jet propulsion, has been a member of the N. C. State faculty since 1947. He previously served on the Pennsylvania State University faculty for 18 years. He is internationally known for his textbooks on thermodynamics.

The teacher award winner has worked extensively with N. C. State engineering students and their projects. For the past 14 years he has been faculty advisor to the Student Branch of Pi Tau Sigma, mechanical engineering honor society. He is also advisor to mechanical engineering students participating in the Engineering Honors Program.

Dr. H. Edwin Beam came to the Agricultural Education Department in September, 1960, having spent the last year at the University of North Carolina, completing course work for his doctorate. He received both his B.S. and M.S. degrees from North Carolina State. He has been a teacher of vocational agriculture, a high school principal, and a district supervisor of vocational agriculture.

PROFESSOR HOMER E. BEAM
School of Education

PROFESSOR RICHARD S. WURMAN
School of Design

Richard S. Wurman is an Assistant Professor of Architecture, teaching first and second year design, and he is the advisor for the **Student Publication of the School of Design**. Mr. Wurman received his Bachelor and Master of Architecture degrees from the University of Pennsylvania. He is presently a member of the firm Murphy, Levy, Wurman, in Philadelphia, and a Project Coordinator for the North Carolina Film Board.

DR. HENDERSON G. KINCHELOE
School of Liberal Arts

Professor Roy M. Carter received his B.S. in Forestry from the University of Minnesota and his M.S. in Wood Technology from Michigan State University. He is presently doing research work related to wood moisture relationships and wood preservation and finishing.

PROFESSOR ROY M. CARTER
School of Forestry

Dr. Henderson G. Kincheloe received his Bachelor of Arts degree at the University of Richmond and his Master's at Harvard. He was granted his doctorate in English at Duke University. Dr. Kincheloe has frequently written reviews for **The News and Observer** and the **N. C. Historical Review**. He has also made contributions to five editions of **Masterplots**.

Dr. Forrest W. Lancaster received his B.S. in Chemical Engineering and his M.S. in Physics and Mathematics, both from Purdue, and his doctorate from Duke. The research Dr. Lancaster has conducted at State has covered several important fields, such as Ultrasonic Measurements in salts, esters, and alcohols, and Measurements of Radiation Damage.

DR. FORREST W. LANCASTER
School of Physical Sciences and
Applied Mathematics

DR. S. E. YOUNTS
School of Agriculture

Professor C. M. Asbill of the School of Textiles received his B.S. degree in Electrical Engineering from Clemson College in 1925. He worked as a mechanical engineer for the U. S. Department of Agriculture's Textile Laboratories from 1926 to 1943, and for the Callaway Institute until 1946 when he came to N. C. State. Professor Asbill is currently doing extremely valuable research in instrumentation.

Dr. S. E. Younts is in charge of undergraduate teaching in Soils at North Carolina State. He attended State College where he received his Bachelor and Master of Science degrees in the field of soils. In addition to being an active member of several soil science societies, Dr. Younts is also the author of several scientific papers in the field of plant nutrition and soil fertility.

PROFESSOR C. M. ASBILL
School of Textiles

ORGANIZATIONS

STUDENT GOVERNMENT

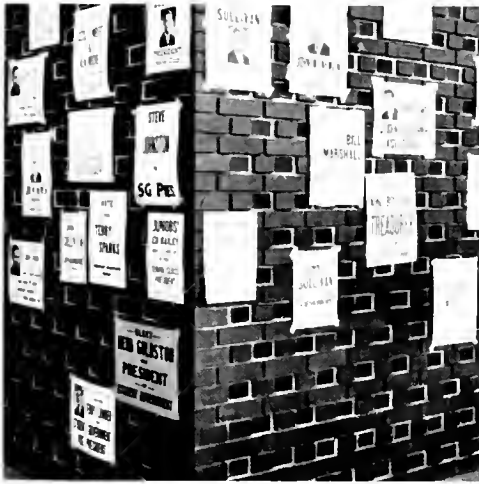

The Big Four
Sec. John Carr, Pres. John Bynum,
V.-Pres. Lynn Spruill, Treas. Herb Goldston

Student Government is the body charged with administering all student self-government on the campus. These student leaders coordinate all student activities and organizations and represent the student body in dealing with the faculty and administration.

This year Student Government made several distinct steps forward. The Student Government Summer Employment Commission is a definite asset to the student body and should offer at least fifty good jobs to our students this summer; this is the first year that the students of N. C. State have been represented at the Raleigh City Council meetings; the leadership seminar coordinated by Student Government proved to be very beneficial; Student Government took a unanimous stand in favor of our traditional style of diploma; Student Government has continued to press for the name **North Carolina State University**.

Thursday night meeting

High pressure campaign technique

We, as students . . .

WC babies invade for high level confab

HONOR CODE BOARD

Hears cases of lying, cheating, or stealing

The Honor Code is a basic part of the educational process at North Carolina State. The heart of the Code is the pledge not to lie, cheat, or steal. When the pledge is violated, the Honor Code Board has the responsibility of trying the alleged violation. The Board is comprised of two sophomores, four juniors, and four seniors.

CAMPUS CODE BOARD

Defines code of social behavior

The Campus Code is the second component of the Honor System. Each student is pledged to conduct himself in a gentlemanly manner. The Campus Code Board hears such infractions as drunkenness, fighting, and other forms of disorderly conduct. The Campus Code Board, like the Honor Code Board, is comprised entirely of students.

WOMEN'S CAMPUS CODE BOARD

Defines coed social conduct

The Women's Campus Code Board is the sister organization of the Men's Campus Code Board. The Women's Board governs the conduct of the State coed. Each female student is pledged to conduct herself in a manner befitting a lady under all circumstances. In event of an alleged infraction, the Board hears the case and recommends appropriate disciplinary action.

CONSOLIDATED UNIVERSITY STUDENT COUNCIL

Fields, Bynum, et al represent State interests

The State delegation to the Consolidated University Student Council is chaired by Butch Fields and includes the officers of the Student Government and other Student Government members. The group meets with the other delegations to coordinate and formulate the activities of the student activities at the member schools of the Greater University.

ERDAHL-CLOYD UNION

The Board of Chairmen surrounds Henry Bowers

The Erdahl-Cloyd Union offers the student an opportunity to find a home away from home. The Union offers in one building a restaurant, hotel, and complete facilities for recreation and activities.

The activities of the Union are coordinated through the combined efforts of the officers, Board of Chairmen, committees, and staff members.

The Board of Chairmen consists of the student president, vice-president, secretary, and the chairmen of the sixteen standing committees. The Board meets weekly to analyze the problems confronting the Union.

The Board of Directors is composed of faculty members who are available for advice and coordination.

The Erdahl-Cloyd Union continues to play an important part in the development and nurturing of student leaders.

The esteemed officers led by Dave Stuart, President

This Slater food is really small time

Looks like Minnesota fats

McKIMMON VILLAGE

The McKimmon Village Council coordinates the activities of the McKimmon Village housing project. The Council has successfully constructed a playground for the youngsters and points with pride to the fine library compiled for use by Village inhabitants. The Council also presents a variety of programs of great benefit to the married students.

Led by Mayor Art Mattox

Could that be Carolyn Hester?

Whatever Stan wants, Stan Getz.

NEW ARTS

Student Board of Directors

New Arts, Inc. is sponsored jointly by the Interfraternity Council and the Erdahl-Cloyd Union. New Arts is an endeavor to present to the State student the finest in popular entertainment. Only entertainers

of the finest quality—such people as Stan Getz, Julie London, and the Dukes of Dixieland—are presented. The total cost of the series is but \$3 for the State student.

Y. M. C. A.

The purpose of the North Carolina State YMCA is to stimulate religious development and to provide an opportunity for the student to relate his academic experience to his faith. The Y seeks to meet students where they are, speaking the language with which they are familiar and helping them to grow. As the program develops three elements are utilized—worship, study, and action.

The YMCA Cabinet is led by Garland McAdoo, President.

Freshman Camp

PUBLICATIONS

Just one, big, happy family.

BOARD OF STUDENT PUBLICATIONS

Student publications have been a vital force in the life of North Carolina State for many years. Since its inception in 1931, the Board of Student Publications has served as a clearing house for nominations, policy, and assorted grievances.

Nine student publications are coordinated through the Board: the Agromeck, Technician, WKNC, Southern Engineer, Textile Forum, Pinetum, Ag Student, Vo-Ag, and the Student Publication of the School of Design.

This year the Board took a major step in removing from the general elections the selection of the Agromeck and Technician editors and the WKNC station manager.

The Board also contemplated merging with the IDC and Erdahl-Cloyd Union in a greatly improved spring banquet featuring a nationally known speaker.

Mrs. Carol Hill Kenfield . . . "Jack of all trades."

AGROMECK

BILL WHITE
Editor

SAMMY THOMASSON
Managing Editor

The Agromeck is an attempt to portray North Carolina State as we know it: some successes and some failures.

The staff dallies at the beginning of the year . . . Editor White writes us a letter . . . the big push is on . . . Wardell and Vogler make the Big Time . . . Sammy drops out of school . . . The staff editors lose track of time . . . The book is put out . . . Everybody is happy . . . We all take a drink.

This year the book is more informal in an attempt to depict State as she really is. We hope you'll like it.

TECHNICIAN

Whatever your interests, **The Technician** has something for you.

Now in its forty-fifth year, the tri-weekly newspaper informs students of the latest happenings, from news to sports.

The paper is written, edited, and illustrated by students who are majoring in a wide variety of curriculums that range from engineering to design.

For the first time in its long history, **The Technician** ran color pictures this year in its coverage of the Liberty Bowl football game.

One of **The Technician's** cartoonists, Herb Allred, draws his Throckmortimer cartoons for colleges and universities across the country. His nationally known comic strip was first published by **The Technician**.

The Technician offices are located in the basement of the YMCA.

does the majority of the work.

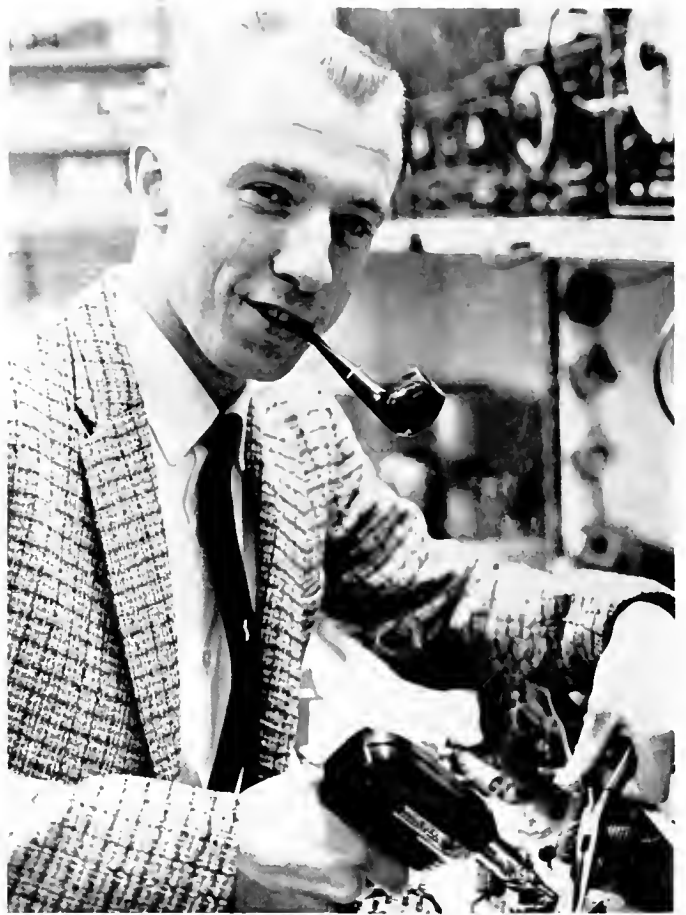

W K N C

The 1963-64 school year marked the radio station's second year of operations in its still relatively new studios in the Publications Center.

The year brought its usual array of problems of training new staff members, buying new equipment, and keeping the 15,000 record library up to date. But there were also the bright spots: talking with Peter, Paul, & Mary, The Chad Mitchell Trio, and other entertainers who came through State.

The year also saw a complete remodeling and re-wiring of the two control rooms to make room for the addition of a new recording studio.

Nineteen hundred and sixty-four marked another year in WKNC's effort to present the best in contemporary radio programming for State and Peace College.

SOUTHERN ENGINEER

The **Southern Engineer** is published bi-monthly by students in the School of Engineering. The magazine is sponsored by the Engineers' Council.

The **Southern Engineer** functions as a means of communication among the students, the faculty, and State alumni in the engineering profession. It also aids students in the School of Engineering to broaden and stimulate their interest in specific areas of engineering by presenting a variety of articles written by the faculty, members of industry, and outstanding students.

Publish outstanding magazine

PINETUM

The **Pinetum**, publication of the School of Forestry, is sponsored by the Forestry Club and serves as a means of communication among alumni, faculty, graduate students, undergraduate students, and the forestry industry.

The magazine serves as a catalog of the special events and activities that take place in the Forestry School throughout the year. The publication awards special recognition to those students who have attained outstanding goals during their course of study. In addition, new faculty members, scholarship winners, and other outstanding personalities are written up.

Latest news from deep in the woods.

Staff cubby hole.

STUDENT PUBLICATION OF THE SCHOOL OF DESIGN

The **Student Publication of the School of Design** is an endeavor by the students of design to present the methods and conceptions of today's leading architects. The magazine devotes itself to a high level of writing and depiction of art. The publication is sustained through student fees, subscriptions, and donations from various supporters.

The **Textile Forum** is published five times a year by members of the Textile School. Five faculty advisors assist in the publication process. The magazine

features articles written by outstanding leaders in industry and by faculty members.

MUSICAL ORGANIZATIONS

The Women's Chorus

The combined membership of the Musical Organizations constitutes the largest voluntary student organization on campus. Under the direction of J. Perry Watson, Donald B. Adcock, Milton C. Bliss, and Curtis R. Craver, these organizations present concerts on and off campus, make annual tours, record, appear on TV and radio, and represent N. C. State at official functions.

Since the early 1900's, the Musical Organizations have played an important role in life of the campus.

Students from all schools on campus avail themselves of the opportunity of participation. Membership is open to any student, selection being based upon meeting or attaining musical standards.

For the student of N. C. State, music plays a vital part in maintaining and developing an interest in an avocational program. Through music, it is found that a healthy attitude toward college life and toward life in general can be sustained by the student spending a great deal of time in the pursuit of his studies.

England, R. Frauenholz, F. Cline, R. Brown, T. Taylor, T. Thayer.

AMERICAN INSTITUTE OF AERONAUTICS AND ASTRONAUTICS

The student branch of the AIAA attempts to stimulate the student's interest in the fields of aeronautical and astronautical engineering by encouraging him to participate in extracurricular projects, for example, exhibits for the Engineers' Fair; and simultaneously attempts to provide a connection with practicing members of the profession through guest speakers.

It'll never get off the ground.

Norman Payne and Bill Mackie working on the Engineers' Fair project.

INSTITUTE OF ELECTRICAL AND ELECTRONIC ENGINEERS

The object of the Institute of Electrical and Electronics Engineers is to aid in the professional development of the electrical engineering student. To accomplish this, the IEEE presents lectures and informal discussions featuring leading men from various fields of engineering and management. In addition to regular speakers, the IEEE takes an active part in the Engineers' Fair. Members of the IEEE increase their knowledge of engineering by designing, constructing, and operating exhibits for the Engineers' Fair each year.

First Row: Advisor W. J. Barclay, Chairman N. Payne, V-Chairman G. Simon, Treas. S. White, Sec. C. Pugh, Faculty Member W. P. Seagraves, Dept. Head G. B. Hoadley, Guest Speaker E. T. May, C. McAdams, D. Ferguson; **Second Row:** F. Jalali, S. Boggs, C. Coffey, C. Bartlett, L. Hash, R. Lail, W. Cowhig; **Third Row:** R. Craven, L. Roark, R. Douthwaite, B. Ludlum, R. Bishop, T. Busey, T. Capps, B. Downing, W. Mitchem, T. Pegram, W. McCall; **Fourth Row:** R. Andrews, C. Brown, W. Brooks, M. Gosney, E. Samuels, B. Ellington, R. Mills, D. Brooks, J. Hancammon, K. Bell, E. Shuford, B. Mackie; **Fifth Row:** R. Hendrickson, J. Creed, L. Walker, A. Vance, J. Kirk, J. Turner, D. Stolt, J. Vick, D. Thomas, J. Florence, L. Gentry.

First Row: Pres. C. Bullock, V-Pres. D. Allen, Treas. D. Smith, T. Clausi, B. Coffey, K. Hilton, A. Lengade, J. Voss; **Second Row:** P. Lasiter, R. Phillips, B. Sorrels, R. Smith, F. Johnson, D. Teague, T. Griffin, M. Sutton; **Third Row:** B. Vonnannon, H. Lee, N. Clontz, D. Baber, B. Smith, E. Lewis, B. Bryan, T. Davis; **Fourth Row:** H. Hair, J. Smith, J. Edwards, R. King, J. Dudley, B. Miller, J. Stanley, M. Pope; **Fifth Row:** T. Gray, T. Brown, S. Stredler, C. Fink, C. Funk, K. McKelvey, B. Wilkinson, W. Honeycutt, D. Spencer, G. Robertson.

AMERICAN INSTITUTE OF CHEMICAL ENGINEERS

The North Carolina State Student Chapter of the American Institute of Chemical Engineers is dedicated to the promotion of academic and professional interest in chemical engineering and other related fields. Nationally noted speakers, plant

trips, and social meetings with parent groups are the stimulative means by which these goals are obtained. The AIChE also affords opportunity for development of individual leadership, administration, and public speaking.

AMERICAN INSTITUTE OF INDUSTRIAL ENGINEERS

First Row: Pres. C. Reames, V-Pres. A. Mattox, Sec. T. Russell, Treas. W. Lineberry; **Second Row:** C. Griffin, K. Nichols, C. Nicholson; **Third Row:** R. Shuping, B. Laymon, B. Raynor, K. Ball; **Fourth Row:** J. Eller, B. Goodrich, W. Justus, E. Enscoe; **Fifth Row:** E. Pyatte, S. Ritchie, J. Dills, P. Combs.

The American Institute of Industrial Engineers has as its objective the desire to instill professionalism in the student industrial engineer. To accomplish this the year's activities are centered around speakers who are specialists in various fields that lend themselves to the methodology of the industrial engineer. This year AIIE was proud to present many such outstanding speakers.

Participation in the Engineers' Fair is another activity of the AIIE. The entire membership of the club works together to prepare a project for the Fair. The AIIE also helps to furnish books for the student lounge, participates in freshman orientation, and participates in the Engineers' Ball.

First Row: T. Bentley, C. Stallings, T. Horton, C. Pratt, F. McGirt, D. Surrette; **Second Row:** R. Brady, J. Gibson, W. Key, J. Newlin, S. Thomson, F. Ziglar; **Third Row:** T. Shaffner, F. Murdoch, J. Jones, M. Stanley, G. Maddy; **Fourth Row:** K. Page, C. Hunt, T. Clemmer, J. Stevens.

AMERICAN INSTITUTE OF PHYSICS

The purpose of the American Institute of Physics is to provide a means by which the student in physics can become more informed about the many opportunities his curriculum has to offer him.

The AIP also attempts to bring about a greater understanding between the faculty and the student through such means as an annual picnic for the purpose of introducing the new students in physics to the faculty.

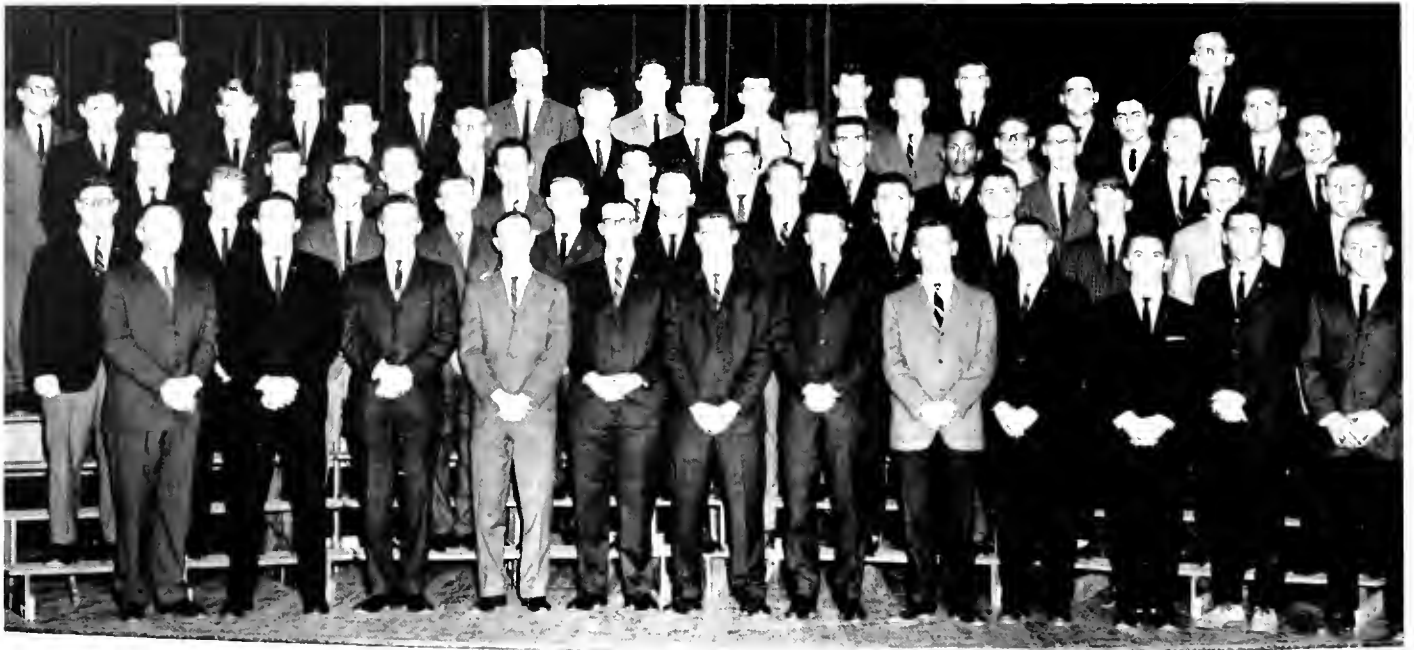

AMERICAN NUCLEAR SOCIETY

The purpose of the Student Branch of the American Nuclear Society is to stimulate the interest of the student in nuclear physics and associated sciences. This purpose is accomplished by offer-

ing students membership in a world-wide organization of nuclear scientists and engineers, and by exposing the student to personal contact with professional engineers.

First Row: A. Carnesale, A. Jenkins, W. Sids, W. Myers, W. Cooper, K. Kearns; **Second Row:** B. Liner, J. Venable, G. Yelverton, F. McGirt, M. Reese; **Third Row:** W. Horner, H. Woods, R. Parker, R. Mills, J. Osborne, E. Venerus; **Fourth Row:** E. Jones, C. Holland, M. Herman, H. Davis, D. Dobbins.

First Row: Advisor Dr. C. F. Borowski, Pres. C. M. Todd, V-Pres. E. Higdon, Sec.-Treas. M. Thompson, R. Winn, J. Perry, S. Birch, J. Ferguson, J. Timberlake, W. Widenhouse, B. Little, E. Kendall; **Second Row:** D. Morgan, S. Stough, M. Todd, R. Thomas, B. Fitzgerald, T. Winslow, C. Hope, W. Breeden, J. Cannon, R. Wilkinson, R. Rackley, F. Collins; **Third Row:** R. Sullivan, J. Vinson, B. Maultsby, J. Weaver, D. Buddington, P. Schick, J. Lupton, C. Verbal, J. Ballew, K. Wall, L. Sturiale; **Fourth Row:** H. Frick, D. Hauser, J. Ritchie, J. Clocker, R. Poindexter, C. Sapp, J. Drye, G. West, V. Durrett, J. Lasley, W. Long; **Fifth Row:** M. Mettrey, D. Marshall, H. Stewart, E. Caveness, A. Sondey, W. Way, C. Griffin, M. Rhyne, H. Jones, E. Chandler, B. Cope.

AMERICAN SOCIETY OF MECHANICAL ENGINEERS

The ASME is a national professional society which attempts to advance the field of mechanical engineering through the free exchange of technical information and the cooperation of mechanical engineers all over the world.

First Row: Advisor Dr. Crebbins, Pres. E. Thomas, V-Pres. D. Craddock, Sec. L. Biggers, Treas. E. Denbo, Pub. Dir. L. Steen, L. Santowasso; **Second Row:** J. Grady, R. Jones, J. Arey, W. Linville, R. Moore, B. Marshburn, H. Burns; **Third Row:** T. Gupton, E. Page, J. Ollis, D. Danner, J. Aberson, B. Martin, J. Gilbert, G. Smith; **Fourth Row:** G. Larson, B. Baker, H. Davis, D. Smith, R. Watson, R. Avent, E. Gurley, T. Westbrook; **Fifth Row:** G. King, W. Taylor, C. Staton, G. Chapman, R. Fitzula, J. Fulbright, C. T. Freeman, W. Kitchen, E. Taylor.

AMERICAN SOCIETY OF CIVIL ENGINEERS

The ASCE, established in 1922, has been devoting its efforts to helping students become better acquainted with the faculty, stimulating an interest in civil engineering, and relating acquired knowledge to practical application.

First Row: Advisor W. W. Kriegel, Pres. B. Gay, V-Pres. B. Davis, Sec.-Treas. J. Foushee; **Second Row:** M. Phillips, D. Witter, W. Hackler; **Third Row:** B. Dixon, R. Cato.

AMERICAN CERAMIC SOCIETY

The N. C. State branch of the American Ceramic Society was organized to familiarize students with various branches of the pottery industry by discussions, seminars, and talks by industry leaders, such as Dr. R. L. Wear-ever and Professor Eric Dolphy, and to foster a strong bond of fellowship between the students and members of the faculty.

KERAMOS

Keramos, the national professional ceramic engineering fraternity, is the oldest professional engineering fraternity in the world. The object of the chapter at State is to promote and emphasize mental achievement and to

promote interest in ceramic art, technology, and engineering. To achieve its goal, the group provides a wide variety of programs at its meetings. The programs include panel discussions and guest speakers.

Advisor W. C. Hackler, Pres. Bob Davis, V-Pres. Bill Gay, Past National Pres. W. W. Kriegel.

First Row: B. Wortman, W. Wagner, T. Sills, J. Sawhill, R. Culp, L. LeMoine; **Second Row:** L. Poteat, J. Ballance, G. Yelverton, C. Huckabee, R. Haase, H. Davis; **Third Row:** R. Jones, V. Goodman, C. Rudd, L. Shives, G. Hudson, B. McLawhorn.

AMERICAN SOCIETY FOR METALS

The North Carolina State chapter of the American Society for Metals is an organization dedicated to the promotion of fellowship among metallurgical students, through which it helps them develop and broaden their interests in the field of metallurgy.

The Society starts the year by sponsoring a party. Potential members are offered a chance to meet

the members and learn about the group.

During the semi-monthly meetings, lectures are given on metals and the metallurgical industry. These lectures are presented by faculty members, industrial men, and members of the Society at large.

ALPHA SIGMA MU

Alpha Sigma Mu is a National professional honorary fraternity for metallurgical students. Its objective is to stimulate metallurgical students on to greater efforts by recognizing outstanding stu-

dents and by combining their efforts with those of the American Society for Metals in various projects.

James Sawhill, Bill Wortman, Gerald Hudson, Hubert Davis.

First Row: Pres. L. Stikeleather, V-Pres. R. Young, Treas. D. Aman, Reporter G. Brinkley, Sec. R. Mason; **Second Row:** F. Perkinson, J. Jackson, T. Cutts, J. Francis, F. Abrams, E. Davis; **Third Row:** G. Liner, J. Allen, C. Currin, T. Young, D. Newton, D. Smith.

AMERICAN SOCIETY OF AGRICULTURAL ENGINEERS

The ASAE consists of students in agricultural engineering who are seeking insight into the opportunities offered by their profession. To accom-

plish this goal, ASAE presents programs consisting of lectures and discussions by leaders in the field of agricultural engineering.

AGRICULTURAL INSTITUTE CLUB

The Ag Institute Club is composed of men in the two year Ag Institute program. The members of the club, called "Aggies," sponsor many activi-

ties which promote the objectives of the club. These objectives are effectively summed up by their motto, "Let Education Pull the Plow."

First Row: Pres. D. Bright, V-Pres. P. Gallimore, Sec. J. Wilson, H. Stallings, J. Midyette, J. Mewbern; **Second Row:** D. Wallace, T. Barrow, W. Morgan, E. Beeson, H. Byrd; **Third Row:** G. McGill, T. Forrest, L. Goodwin, G. Pate, W. Brown, L. Larabee; **Fourth Row:** K. Ross, H. Newton, G. Mills, J. Hawkins, J. Hamill; **Fifth Row:** R. Westmoreland, J. Best, C. Clayton, J. Munden.

First Row: Pres. E. York, V-Pres. D. Steagall, Treas. B. Harris, Scribe R. Whicker, Sgt.-at-Arms A. Lassiter; **Second Row:** J. Covington, T. Baucom, R. Byrd, W. Marshall, M. Pope, B. Caldwell, R. Moore, M. Gentry, B. Howle; **Third Row:** W. Novellas, B. Johnson, D. Daniels, B. Burgess, W. Schwartz, L. Turner, R. Lewis, R. Leslie, M. Feldman; **Fourth Row:** I. Misirli, R. Anglin, W. Smith, N. Felton, A. Moffitt, J. Koontz, G. Warner, T. Norris, B. Kenyon, B. White; **Fifth Row:** F. Rohner, J. Bynum.

DELTA KAPPA PHI

Delta Kappa Phi, the oldest professional textile fraternity in the United States, has its largest chapter here at N. C. State. The functions of Delta Kappa Phi include guest speakers, an annual banquet, conducting tours of the Textile School, and the presentation of an award to the senior who is considered most outstanding by his classmates.

Phi Psi, a professional textile fraternity, attempts to aid the student in textiles by providing fellowship with other students in the same curriculum. Some of the activities of Phi Psi include guest speakers, an annual fashion show, a Christmas party for underprivileged children, and the presentation of the Man-of-the-Year award in the textile industry.

PHI PSI

First Row: Pres. B. Hill, V-Pres. H. Steelman, Sec. S. Trott, Treas. S. Duerk, Warden J. Poteat, Cor. Sec. T. Hackett, B. Long, D. Cole; **Second Row:** J. Rowland, J. McCracken, D. Wiseman, G. KAPPA TAU BETA

Kappa Tau Beta is a knitting fraternity organized at the N. C. State School of Textiles in 1952 by a group of senior knitting students and faculty members. The goal of the fraternity is to promote interest in the many new methods of knitting and the use of knitting in the world today.

To achieve its goal, Kappa Tau Beta presents various speakers from the textile industry. The speakers provide the membership with practical information and recent important breakthroughs in the field of knitting.

NATIONAL EDUCATION ASSOCIATION

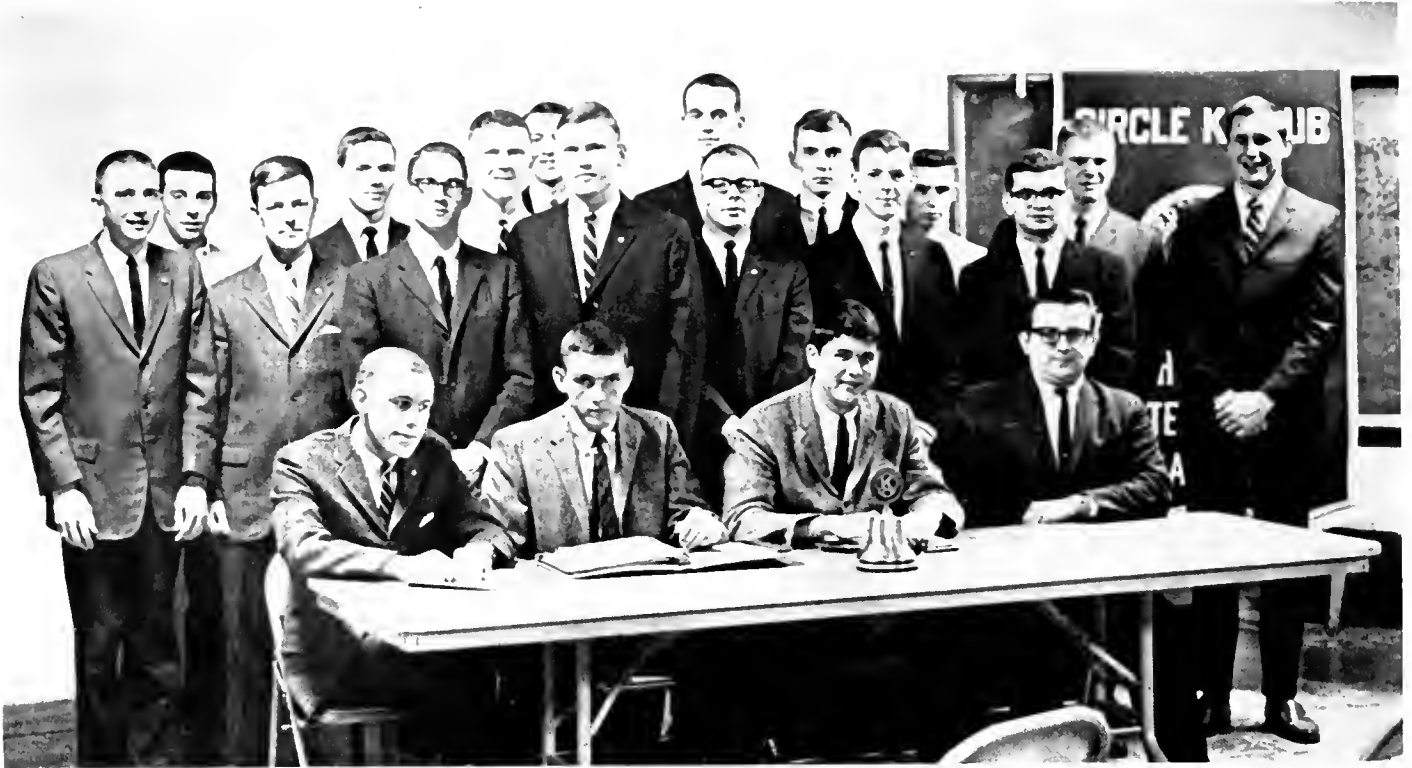

The Student N.E.A. at State is part of the national organization which includes professional teachers, superintendents, and prospective teachers. The purpose of the group is to promote a general understanding of education at both the higher and secondary levels.

To accomplish its aim, the student chapter at State presents appropriate programs at its meetings. Outstanding programs this year have included panel discussion, with both high school students and faculty members as panelists, and noted speakers from other fields of education.

Advisor Dean J. B. Kirkland, V-Pres. Fran Mayton, Pres. Daniel Edwards, Sec. Grace Elrod, Reporter Brian Lonon.

CLUBS

Club gathers at weekly meeting.

CIRCLE K CLUB

Throughout the year, the Circle K Club performs various services for the community, various welfare groups, and other organizations such as the Boy Scouts. This year, in addition, the club assisted in the Campus Fund Drive. With the help and direction of the parent Kiwanis Club, the Circle K Club is performing ever-increasing assistance to both the community and the campus.

Working on community project.

Chappell and cohorts.

AGRICULTURAL ECONOMICS CLUB

The purpose of the Agricultural Economics Club is to stimulate interest of the members for future attainments in their chosen profession. The club presents guest speakers, panel discussions, and seminars to achieve its goal.

AGRICULTURAL EDUCATION CLUB

The Agricultural Education Club serves as an integral part of the training and development of future vocational agricultural teachers. The club includes many social activities with its monthly meetings.

The Ag. Ed. Club develops future agricultural teachers.

Members in Meeting Room.

AGRICULTURAL ENGINEERING TECHNOLOGY CLUB

The Agricultural Engineering Technology Club sponsors a student-faculty social, an awards banquet, and prepares several projects throughout the year. At the State Fair the members maintain a booth and demonstrate the latest in farm machinery.

ANIMAL SCIENCE

The Animal Science Club is an active group performing several important functions. The members provide judges of the Dairy Judging Team; they construct a booth at the State Fair; and they sponsor a 3-day tour of North Carolina's leading livestock farms.

Provides Judges at National Dairy Contest.

STATES MATES

The States Mates organization is comprised of the wives of State College students. The group has a varied array of activities which include the sewing and cooking contest, the Mrs. North Carolina State Contest, the Sweetheart Banquet, and various teas and weekly socials.

These pretty ladies married State College students?

Long live the queen.

The Sweetheart Banquet is held annually on Valentine's Day.

Stimulates student interest in math as a profession.

APPLIED MATHEMATICS CLUB

The Applied Mathematics Club is composed of students interested in the various aspects of mathematics—both pure and applied. Through a program of speakers and student projects the club hopes to instill in its members a life-long interest in mathematics.

BAPTIST STUDENT UNION

The Baptist Student Union provides a forum for the discussion and examination of the Christian religion. The members come from Meredith and Peace as well as State. Throughout the year, the group holds several social activities such as teas and dinners.

One of the many socials with Meredith girls.

Assisting a rural church in painting a new sanctuary.

Fall camping trip.

WESLEY FOUNDATION

The Wesley Foundation is a religious group comprised of nearly two hundred Methodist students from State, Meredith, and Peace. The group instills a religious consciousness in its members through service projects and various other religious-oriented endeavors.

Christmas caroling at St. Luke's Nursing Home.

Trains future farmers.

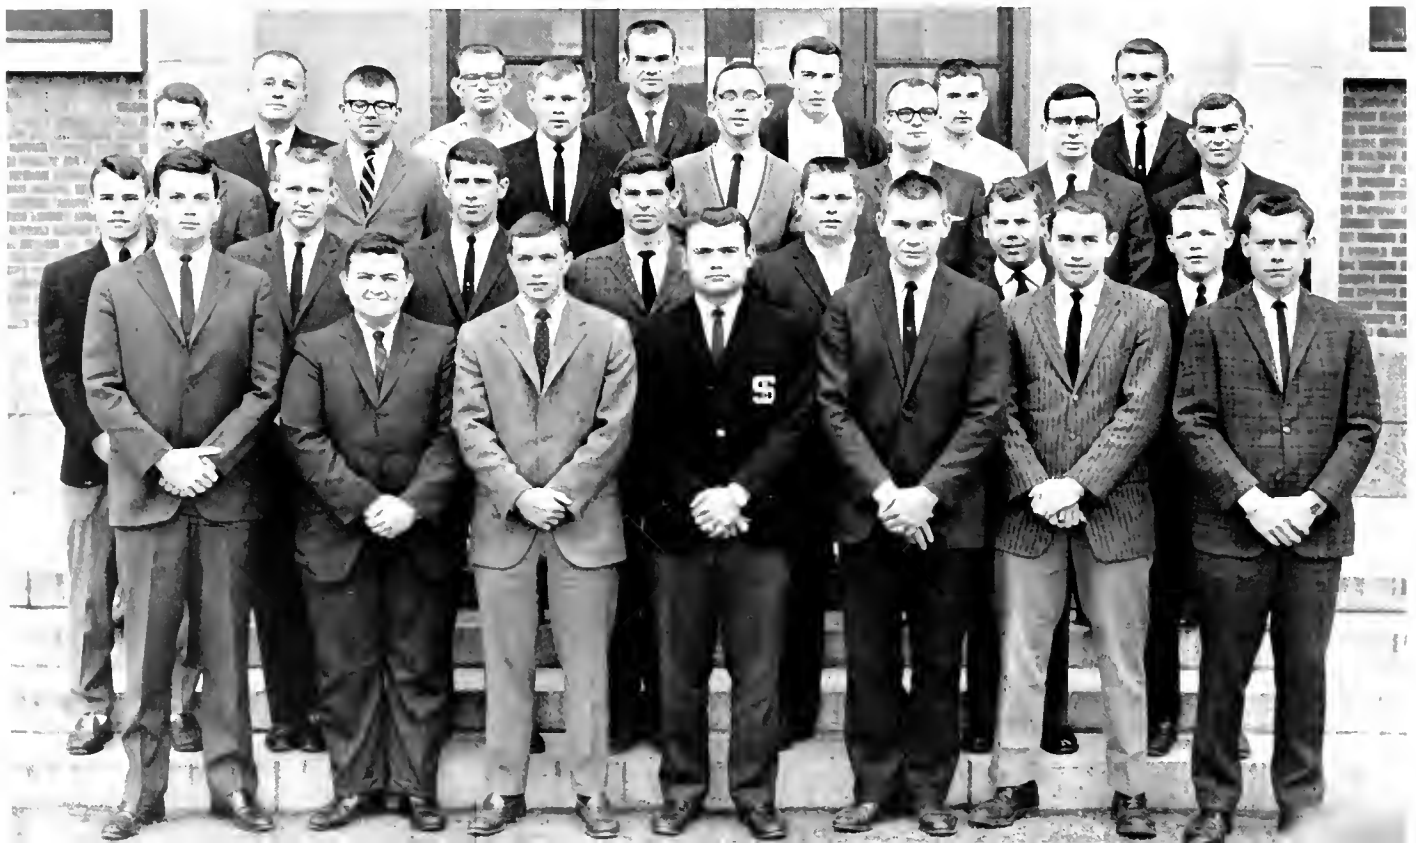

COLLEGIATE 4-H CLUB

Organized at State in April of 1940, the Collegiate 4-H Club has since provided much assistance to the Ag student in his search for practical knowledge. The club often serves as a go-between for the Ag students and the faculty. Throughout the year the group provides other services, such as a checking service at the State Fair.

AGRONOMY CLUB

The Agronomy Club is a group of Agricultural students which seeks to promote the interest and development of its members through an array of speakers, field trips, and student projects. The club points with pride to its fine soil judging team which has participated at the national level.

Club gathers outside Williams Hall.

Brother Briner and colleagues.

FOOD SCIENCE CLUB

The Food Science Club is composed of students in the Food Science curriculum. These students assemble monthly to participate in a variety of programs which include speakers, student projects, and field trips. The purpose of the club is to assist the Food Science student in rounding out his education and later finding a place in industry.

FORESTRY CLUB

The Forestry Club is one of the most active clubs on campus. The club's many activities include the annual "Rolleo," at which the members participate in such events as log bucking, sawing and chopping contests, and horseshoe pitching. At its other meetings the club strives to promote a congenial student-faculty atmosphere.

Why don't we just get a damn chain saw?

There must be an easier way to get fire wood.

Prepares members for successful careers.

FURNITURE CLUB

The Furniture Club is a group of students preparing themselves for a successful career in the furniture industry. Throughout the year the club visits many furniture factories in the state and hears programs presented by distinguished leaders in the industry.

GRADUATE DAMES

The Graduate Dames Club presents a variety of social activities throughout the year. The ladies hold a series of teas and dinners and honor their husbands with a banquet at the end of the year. In addition to the social events, the club presents a variety of speakers at the regular meetings.

Those lucky husbands.

Smoke those cigars.

HELLENIC ASSOCIATION OF N. C. STATE

The Hellenic Association is a group of foreign students which meets regularly to discuss problems facing them and the world. The Association is one of the few forms available for such an intelligent approach to contemporary issues.

HORTICULTURE CLUB

The Horticulture Club is composed of students interested in horticulture as a life's work. These students enjoy working together on such projects as the spring banquet and the fall cider preparation. The club also sends a representative to the National Flower Judging Contest.

Prepares cider each fall.

Serves the IATO student.

INDUSTRIAL ARTS CLUB

The Industrial Arts Club, composed of students in the IATO curriculum, strives to foster good relations between its members, the faculty, and the industry. The club participates in such activities as a book exchange for IATO students, monthly programs, and field trips to such outstanding plants as DeVotie Glass Works.

LEOPOLD WILDLIFE CLUB

The Leopold Wildlife Club is composed of students in the Wildlife and Zoology curricula. The main objective of the group is to provide information concerning species of wildlife and opportunities open to students interested in the fields of wildlife conservation and development.

An illustrious group of great white hunters.

Prepares tomorrow's teachers.

MATH AND SCIENCE EDUCATION CLUB

The Math and Science Education Club provides an opportunity for the interested student to examine and discuss the problems and opportunities facing today's educator. The students gather monthly to hear prominent educators in the state discuss these and other topics. Membership is open to any student with a veritable interest in education.

POULTRY SCIENCE CLUB

The Poultry Science Club holds several barbecues and chicken fries during the year. In addition, the club takes several field trips to leading poultry establishments throughout the state. Each year the club is proud to send a poultry judging team to the national poultry judging contest.

That barbecue looks finger lickin' good, pardner.

Tomorrow's vets.

PRE - VET CLUB

The Pre-Vet Club attempts to prepare its members to overcome the problems facing the beginning practitioner of veterinary medicine. The club engages in such activities as displaying a booth at the North Carolina State Fair, holding various social events during the year, and honoring graduating seniors with a spring picnic.

TAYLOR SOCIOLOGY CLUB

The Taylor Sociology Club presents an opportunity for the sociology major to present a sophisticated approach to contemporary sociological phenomena. Outstanding project of the year was a presentation by Jim Grice and Chet Penninger on the "Interstices of Rural Sociological Decadence."

Open your eyes, Dr. Rawls!

Remember, girls, the best way to a man's heart is by . . .

N. C. STATE WOMAN'S ASSOCIATION

The N. C. State Woman's Association meets weekly for a luncheon and program. These State coeds discuss the problems of attending a predominantly male school, finding a place in the campus society, and encouraging more girls to enter State.

ELECTRICAL ENGINEERING WIVES

The Electrical Engineering Wives Club gathers often for teas, dinners, and other social functions. In addition, various speakers are presented at the regular meetings. The ladies gather each spring to honor their husbands with a banquet. The club strives to provide an environment of friendship and congeniality among its members.

High voltage generators.

HONORARIES

Phi Kappa Phi, national scholastic honor society, was founded at the University of Maine in 1897. Since the establishment of the North Carolina State Chapter on December 10, 1923, more than twelve hundred local students, alumni, and honorary candidates have been elected to the society.

Membership in Phi Kappa Phi is the highest

scholastic honor attainable for a student in the technical fields of study. Phi Kappa Phi is dedicated to the unity and democracy of education, and the society's ultimate objectives are to emphasize scholarship and character, to foster the goals of institutions of higher learning, and to stimulate mental achievement through recognition.

The Golden Chain, Senior Honorary Society, was organized in May 1926. The purpose of the society is to promote leadership and better citizenship by creating an atmosphere conducive to high scholarship, clearer self-expression, and a greater devotion to duty in all areas of campus life.

Each spring, twelve rising seniors are tapped into the society, thereby increasing the endless chain by twelve links. The name Golden Chain is symbolic in that it represents an endless chain which joins together the outstanding State students who form hallowed tradition in our community.

Miss Cora Kemp was recognized for her distinguished work by the
Blue Key Fraternity.

The Blue Key Honor Fraternity was founded at the University of Florida in October 1924 to perpetuate the belief in God, to preserve the principles of good citizenship, and to promote the best interest of the students.

The fraternity recognizes outstanding qualities in character, scholarship, and service, placing equal emphasis upon leadership in student activities. Membership is composed of graduate and under-

graduate students in all departments of American universities.

Each year Blue Key sponsors the Homecoming celebration. Annually the fraternity presents the citizenship award to the Senior who has distinguished himself as the foremost citizen of his class. In addition, Blue Key cooperates with other campus organizations to promote a more meaningful campus life.

The Order of Thirty and Three is a local honorary organization consisting of a total of thirty-three members. The eleven active members are picked at the beginning of the spring semester from the Sophomore Class and remain active until the following spring.

The members selected are considered to be the outstanding members of the Sophomore Class. Selection is the highest honor a sophomore can receive at N. C. State University. Qualifications for

membership include good character, a high sense of honor, ability for leadership, satisfactory scholastic standing, welfare of school at heart, and other qualities deemed necessary to accomplish the greatest good, as determined by the active membership. The objectives of Thirty and Three are to promote the welfare of State College, to raise school standards, and to cooperate with alumni and all other friends of the university in working for the best interests of the students and the university at large.

Tau Beta Pi, the oldest national honorary engineering fraternity, is composed of juniors and seniors in the School of Engineering who have exemplified outstanding scholarship and character.

They strive to provide a liberal culture in our highly technical school by means of an annual essay contest, and stimulate scholastic endeavors through the Outstanding Sophomore Award.

EPSILON PI TAU

Epsilon Pi Tau is an international professional honorary fraternity for students in the fields of industrial arts education and industrial vocational education. The purposes of this fraternity are three-

fold: to promote social and professional proficiency; to recognize the place of skill; and to stimulate research and to utilize its results.

THETA TAU

Theta Tau is a professional engineering fraternity whose purpose is to unite in a fraternal bond those students who have shown outstanding potentialities in the field of engineering. Through this bond, the members enjoy a strong feeling of fellowship and are given the opportunity to develop leadership abilities while working with others.

Rho Chapter of Theta Tau was founded at North Carolina State University in 1927. Since then, the fraternity has shown active participation in many projects around the campus.

Some of the activities of Rho Chapter include: a Founder's Day Banquet each year, a Christmas party given for the children at the North Carolina School for the Blind, operation of the information booth at the Engineer's Fair, and the annual spring picnic. In addition to these activities, Theta Tau frequently entertains guest speakers from industry.

Prof. Rice speaks on professional development at Founder's Day Banquet.

ETA KAPPA NU

President discusses project with committee chairmen.

Eta Kappa Nu is an electrical engineering honor society which seeks to stimulate the electrical engineering student's interest in his chosen field through association with other students interested in electrical engineering, and to improve the electrical engineering curriculum by working with the faculty.

The society's annual activities include: sponsoring weekly tutoring sessions for electrical engineering sophomores; maintaining a current pictorial directory of the electrical engineering faculty and staff; sponsoring a critique of electrical engineering courses presented by Eta Kappa Nu members to faculty members in a joint meeting; providing manpower and organization for special departmental functions; and holding fall and spring banquets for members, initiates, and faculty members.

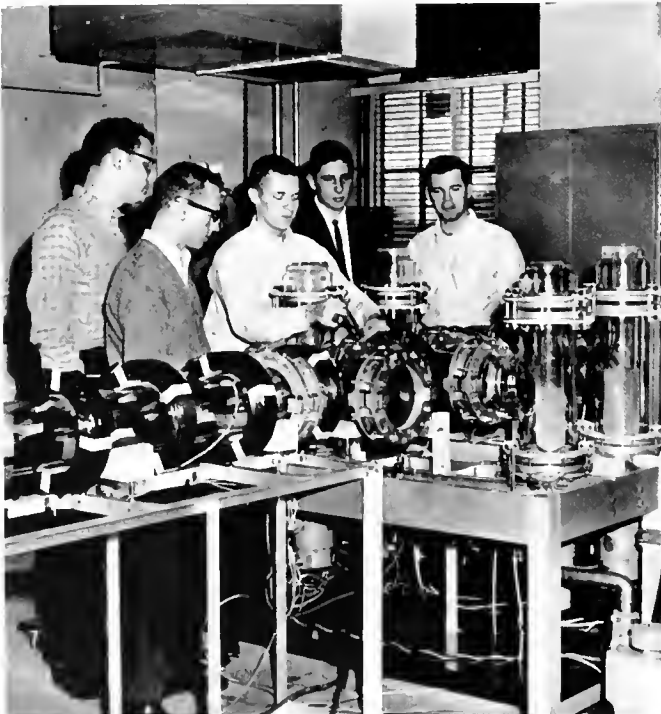

First Row: Advisor R. W. Lade, Pres. L. Edwards, Rec. Sec. F. Williams, Corr. Sec. W. Kester, Treas. G. Hartenstein, "Bridge" Corr. M. Hayes, P. Epley, R. Bailey; **Second Row:** C. Brown, C. Harrison, J. Monroe, J. Desrochers, B. Ludlow, D. Raper, J. Yarbrough, R. Warren; **Third Row:** R. Williams, J. Wright, G. Simon, G. Frekko, D. Brooks, B. Downing, B. Warren, J. Heath; **Fourth Row:** D. Hicks, J. Kirk, M. Gosney, L. Gentry, J. Paul, B. Austin, J. Kelly, E. Clayton; **Fifth Row:** J. Davis, L. Hibbard, M. Vanecek, L. Bumgardner, W. Smith, D. Young, J. SIGMA PI SIGMA

First Row: Advisor F. W. Lancaster, Pres. S. Beard, V-Pres. R. Rood, Rec. Sec. G. Duncan; **Second Row:** Cor. Sec. R. Lambert, Treas. J. Cox, G. Brooks; **Third Row:** A. Cornesale, W. Sides, P. Walsh; **Fourth Row:** W. Cooper, D. Kessler, R. Mills; **Fifth Row:** I. Drutman, D. Anderson, F. McGirt, C. Stallings.

You say this machine makes beer?

Sigma Pi Sigma is the only national physics honor society. Its chapters, of which there are eighty, are restricted to colleges and universities of recognized standing which offer a strong physics major. The chapters receive into membership those physics students who have attained high standards of scholarship, shown promise of professional merit, and gained academic distinction.

The objects of Sigma Pi Sigma are: to serve as a means of awarding distinction to students having high scholarship and promise of achievements in physics; to promote student interest in research and advanced study of the subject; and to encourage a professional spirit and friendship among those who have displayed marked abilities in physics.

During the past year, Sigma Pi Sigma has sponsored programs with prominent speakers from the field of physics. Other activities of Sigma Pi Sigma include a spring banquet and participation in the Engineers' Fair.

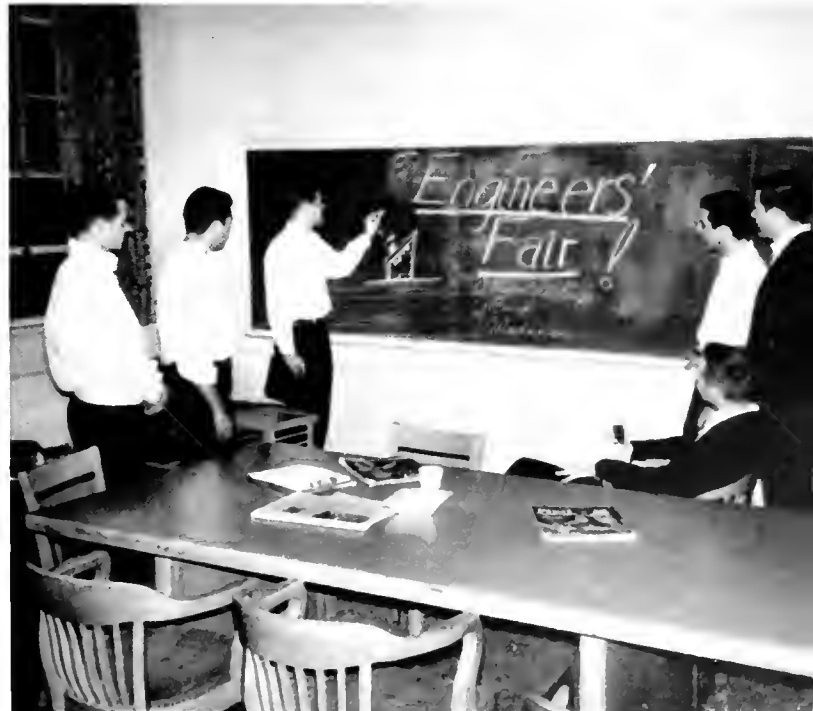

PI TAU SIGMA

First Row: Honorary Members Dr. J. C. Williams, J. A. Jones, Advisor J. S. Doolittle, Pres. P. Leonard, V-Pres. P. Schick, Rec. Sec. D. Pittard; **Second Row:** J. Daggerhart, L. Ferguson, A. Sherrill, B. Perry, K. Stevens, J. Ballew; **Third Row:** N. Single, R. McGill, R. Rackley, J. Forrest, B. Sherrill, J. Ritchie; **Fourth Row:** D. Hill, B. Perry, D. Buddington, J. Cannon, E. Higdon, M. Godd; **Fifth Row:** R. Coffey, F. Honeycutt, R. Poindexter, V. Goodwin, W. Bromby, J. Marchman.

Membership in Pi Tau Sigma is the highest honor that can be obtained by a mechanical engineering student in his field. He must maintain a very high scholastic average in order to be eligible for membership, but this is by no means the only requirement, for selection is also based on social adaptability, honesty, personal cleanliness, neatness, and soundness of principles and morals. If a man is deemed worthy, he is invited to join Pi Tau Sigma, an honor which all men would be proud to claim as theirs.

Pi Tau Sigma's activities for the year include: the initiation of new members; furnishing magazines for the mechanical engineering lounge; presenting a **Mark's Engineering Handbook** to the top mechanical engineering student in the sophomore class; honoring graduating seniors with high scholastic standing; keeping an accurate employment file of former members of the society who are now working in industry; and assembling a mechanical engineering display for the annual Engineers' Fair.

Kappa Phi Kappa is a National Honorary and professional Education Fraternity which has as its purpose the promotion of education as an instrument of social betterment. The members of Kappa Phi Kappa are selected on the basis of their recognized ability for outstanding scholastic and social achievements and professional ideals. To achieve its goals, Kappa Phi Kappa presents various programs to its members. These programs consist of speakers from different fields of education and group discussions by various members of the fraternity.

Other activities include a spring picnic which is held in honor of the graduating seniors.

Rho Phi Alpha is an honorary professional Recreation and Parks Administration fraternity which recognizes those students who show high scholastic at-

tainment and unselfish devotion to the study, research, and application of knowledge in the methods for betterment of recreation and parks for all people.

MU BETA PSI

Mu Beta Psi, a national honorary musical fraternity, is composed of students who have actively participated in the band or glee club.

Mu Beta Psi's main activity is the All Campus Sing, in which campus groups compete with each other, and a trophy is awarded to the best singing group.

Other activities of Mu Beta Psi include: constructing a booth at the Engineers' Fair, publishing "The Clef," an annual Mu Beta Psi news bulletin, and similar related functions.

Chi Epsilon is a national professional Civil Engineering honorary fraternity, based on the broad objective of increasing the efficiency of the profession as an instrument of social betterment.

Chi Epsilon's activities consist mainly of programs presented throughout the year at which speakers either deliver a lecture or lead a discussion. These speakers are usually prominent men from the civil engineering profession who discuss both the problems and the recent innovations in the civil engineering field.

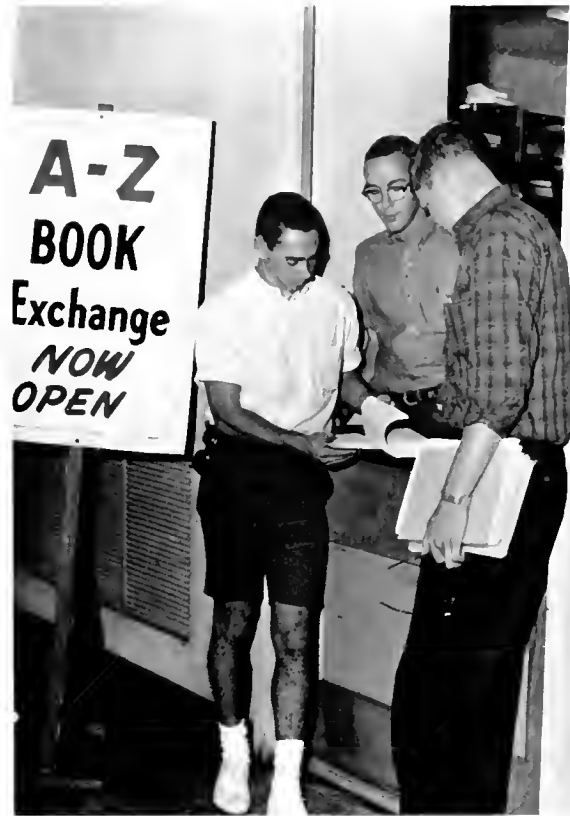

Chi Epsilon pledges initiated in March and honored at annual banquet.

ALPHA ZETA

Alpha Zeta is a national honorary professional fraternity whose members are students studying agriculture or some closely related field. The objectives of Alpha Zeta are to encourage leadership, to recognize outstanding students, and to be of service to fellow students.

The activities of Alpha Zeta at North Carolina State include the operation of the Alpha Zeta Book Exchange and presentation of several awards. The commission received from the Book Exchange goes into a scholarship fund from which the fraternity gives three scholarships each year. These scholarships are given to sophomores, in the schools represented by Alpha Zeta, who have shown outstanding scholarship and a financial need during their freshman year. The chapter also awards a silver cup to the school represented in Alpha Zeta which has the sophomore with the highest average in his freshman year, and holds a Founders' Day Banquet in the spring.

AZ operates book exchange to support scholarship fund.

ALPHA PHI OMEGA

The Alpha Phi Omega fraternity is a national honorary scouting fraternity dedicated to service in the fellowship of the Scout Oath and Law, to the development of friendship, and to the promotion of service to humanity.

Alpha Phi Omega's most important activity of the year is the Campus Chest Drive. The Drive is sponsored by the Student Government and is coordinated and accomplished by Alpha Phi Omega.

The year's social calendar is initiated by the pledge smoker, sustained through the year by monthly socials, and climaxed by a beach party.

In addition to socials and annual projects, Alpha Phi Omega takes an active part in current campus affairs, such as distributing student directories and building a homecoming float, and is always prepared when a worthy cause calls.

We sure were lucky this tree was growing here.

APO plans out registration procedure.

APO members . . . victims of the heat wave.

Joe McCall	Treasurer

INTERFRATERNITY COUNCIL

I. F. C. Increases Power – Begins Pledge Tutoring

President Jack Watson patiently awaits suggestions for Spring IFC on the Hill.

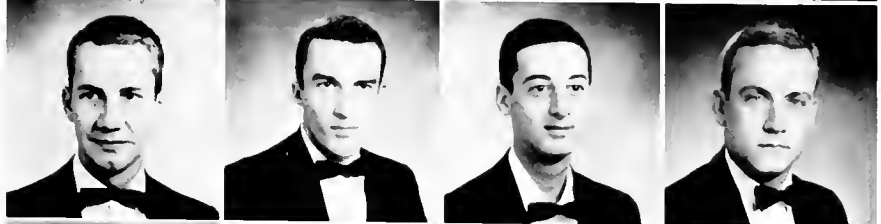

The 1963-1964 school year saw the IFC publish the finest rush brochure in its history—one proclaimed all over the nation as “one of the finest” by fraternity men. Housemothers were new on the State Fraternity scene; in order to make their tenure more enjoyable, the IFC distributed New Arts tickets to them and also season admissions to The Friends of the College series. A pledge tutoring program was initiated in March and promises to give fraternity scholarship a real boost. The IFC Investigations Board was given broader power, the Housing Committee lent invaluable assistance to the move onto Fraternity Row, and the Rush Commission was the most active ever. The IFC obtained its own office in the College Union, the Junior IFC achieved capabilities never realized before, and a multitude of its traditional projects became even more successful than ever in the past.

NU CHAPTER

Founded at Ohio State University 1904

Founded at N. C. State 1919

Colors: Green and Gold

Flower: Pink Rose

In a new house and with our first house-mother, Mrs. Nita Wade, Nu of Alpha Gamma Rho set out on a successful year of 1963-1964. As part of our purpose to "Make better men," a lecture series featuring faculty, administration, and other prominent citizens has been instituted. Social events to lighten the school load have been Homecoming, the Christmas Party, and the big Pink Rose Formal.

FARM HOUSE

Founded at the University of Missouri 1905

Founded at N. C. State 1954

Colors: Green, Gold, and White

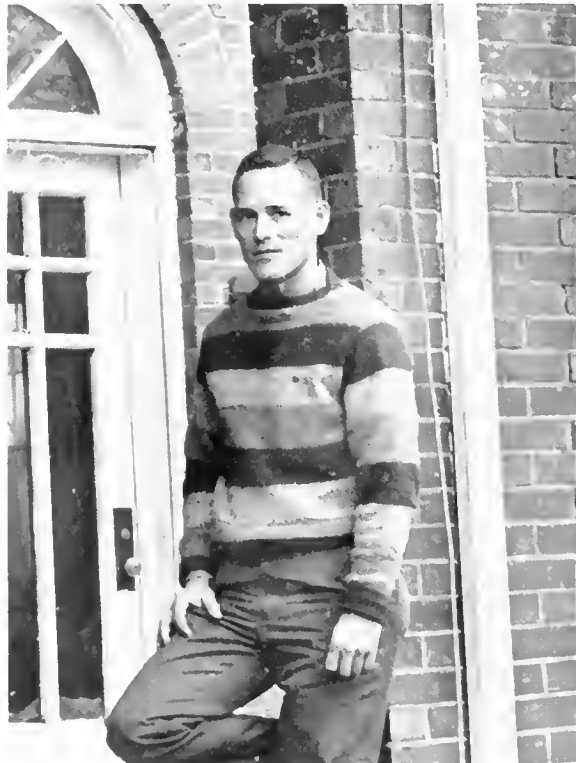

Flower: Sunburst Rose

Song: The White, Green, and Gold

In striving towards a well-rounded program, FarmHouse enjoyed the ninth year of its lecture series. Dinner guests included Robert Scott, Stag Ballentine, Chancellor Caldwell, Dr. Porterfield, Dr. E. W. Glaznor and various other political and academic leaders. Socially, FarmHouse was very successful. Highlights were the Star and Crescent Balls, the orphans' Christmas party, and a Halloween party. Several other combo and jukebox parties kept things lively on the weekends. FarmHouse brothers remained very active in leadership in their respective organizations on campus. At least one major office was held by a FarmHouse brother in every club in which he was a member.

KAPPA ALPHA

ALPHA-OMEGA CHAPTER

Founded at Washington & Lee College 1865

Founded at N. C. State 1903

Colors: Crimson and Old Gold

Flowers: Red Rose and Magnolia Blossom

Song: It's a Grand Old Gang

Kappa Alpha, home of Southern Gentlemen, had an eventful year highlighted by "Old South" and a new house. One hundred per cent of the pledge class made their averages, an achievement to be proud of. In sports Kappa Alpha placed second in golf and third in the Dixie Classic basketball championship to place high in the fraternity standing.

There were many memorable moments around the KA house to leave nostalgic memories in every KA before moving from the old house: Santa remains standing throughout party . . . Getz blows 'til four in the morning . . . Clyde snowed at orphans' party . . . "Swamp Rat" sees the world in two days . . . semester break at Blowing Rock . . . Cato finally finds desk . . . Buzz gets POW . . . I. W. York donates leather coat-of-arms for new house.

PHI KAPPA TAU

CHI CHAPTER

Founded at Miami University in Oxford, Ohio, 1906

Founded at N. C. State 1927

Colors: Harvard Red and Old Gold

Flower: Red Carnation

Song: In Old Phi Tau

On March 17, 1906, four students at Miami University in Oxford, Ohio, decided to take action to break up a political monopoly on the campus. The result: Phi Kappa Tau. A relatively young fraternity, Phi Kappa Tau in its fifty-two years has grown into a national organization of sixty-five chapters. Phi Kappa Tau has maintained consistently high standards of scholarship, honor, and integrity. Phi Kappa Tau has received many awards for sports, scholarship, and campus drives. This year has seen combo parties, cabin parties, Greek orgy, pool party, weekend beach trip, picnics, and orphans' Christmas party.

SIGMA CHI

DELTA-EPSILON CHAPTER

Founded at Miami University 1855

Founded at N. C. State 1943

Colors: Blue and Old Gold

Flower: White Rose

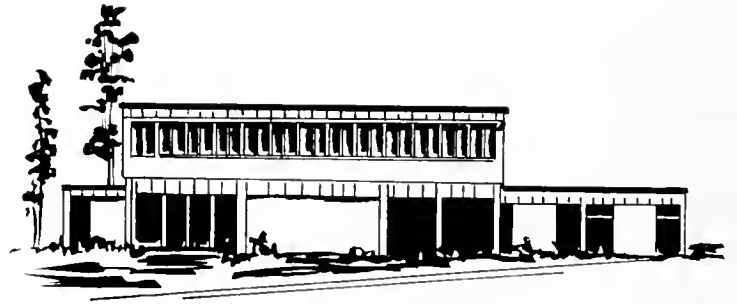

Song: Sweetheart of Sigma Chi

The Sigs welcomed back this year: the cross-country travelers, Morass and Spasm, the mate sipping Harvey from South America, and the Associates for another semester. This year was a landmark for the chapter as Barnacle Bitter made his average and was initiated. Altoona Cobb became the orthopedist's dream, while Hawk became an easy mark for a car salesman. As a much sought after talent, Fat Ira was often seen in the most respectable (and unrespectable) night clubs of New York City. W. D. Andrews continued his great prowess in social endeavors, much to the chagrin of Fee-ult-s. Cloyt Lowder infringed on Pinky's usual honor—the telling of colorful and off-colorful jokes. A fem fatale hooks Cookie. Craven says the new house is ready. Goodbye, Mrs. Winchester.

SIGMA NU

BETA-TAU CHAPTER

Founded at Virginia Military Institute 1868

Founded at N. C. State 1895

Colors: Old Gold, Black, and White

Flower: White Rose

Song: White Star

As the summer drew to a close, the men of Sigma Nu were hard at work preparing their house for fall rush; the house had to be vacated in December putting the brothers and pledges back to work on the house—but this time in the form of a much publicized housewrecking party. Despite the adversities encountered in temporary housing, the Sigma Nu's have retained their high scholastic standards. Excellence in the field of athletics is another goal of Sigma Nu as evidenced by their fine football and basketball teams. This has been a year marked by great parties, outstanding athletics and scholarship, and important changes which together offer a well-rounded program fitted to the college man's needs. Some highlights of the year: Housewrecking . . . Orphans' party . . . New house . . . White Rose . . . and finally Graduation.

Song: Dear Old Fraternity

The highlight of the Sig Ep year was the winning of the Intramural football trophy and clinching the number one position in fraternity scholarship. In addition to these achievements, Sigma Phi Epsilon indulged in rush parties, weekend parties, football games, and I.F.C. In the midst of this, there were numerous combo parties, basketball games, and more intramurals, not to mention the emphasis placed on scholarship.

Moving to the new house on the row promises bigger and better things. Some things the inhabitants will enjoy will be quiet nights, undisturbed sleep, and easier studying. The new house and spring bring a vigorous schedule which will lead on to an enjoyable summer for every Sig Ep, knowing what a fine year he has turned out.

FOOTBALL

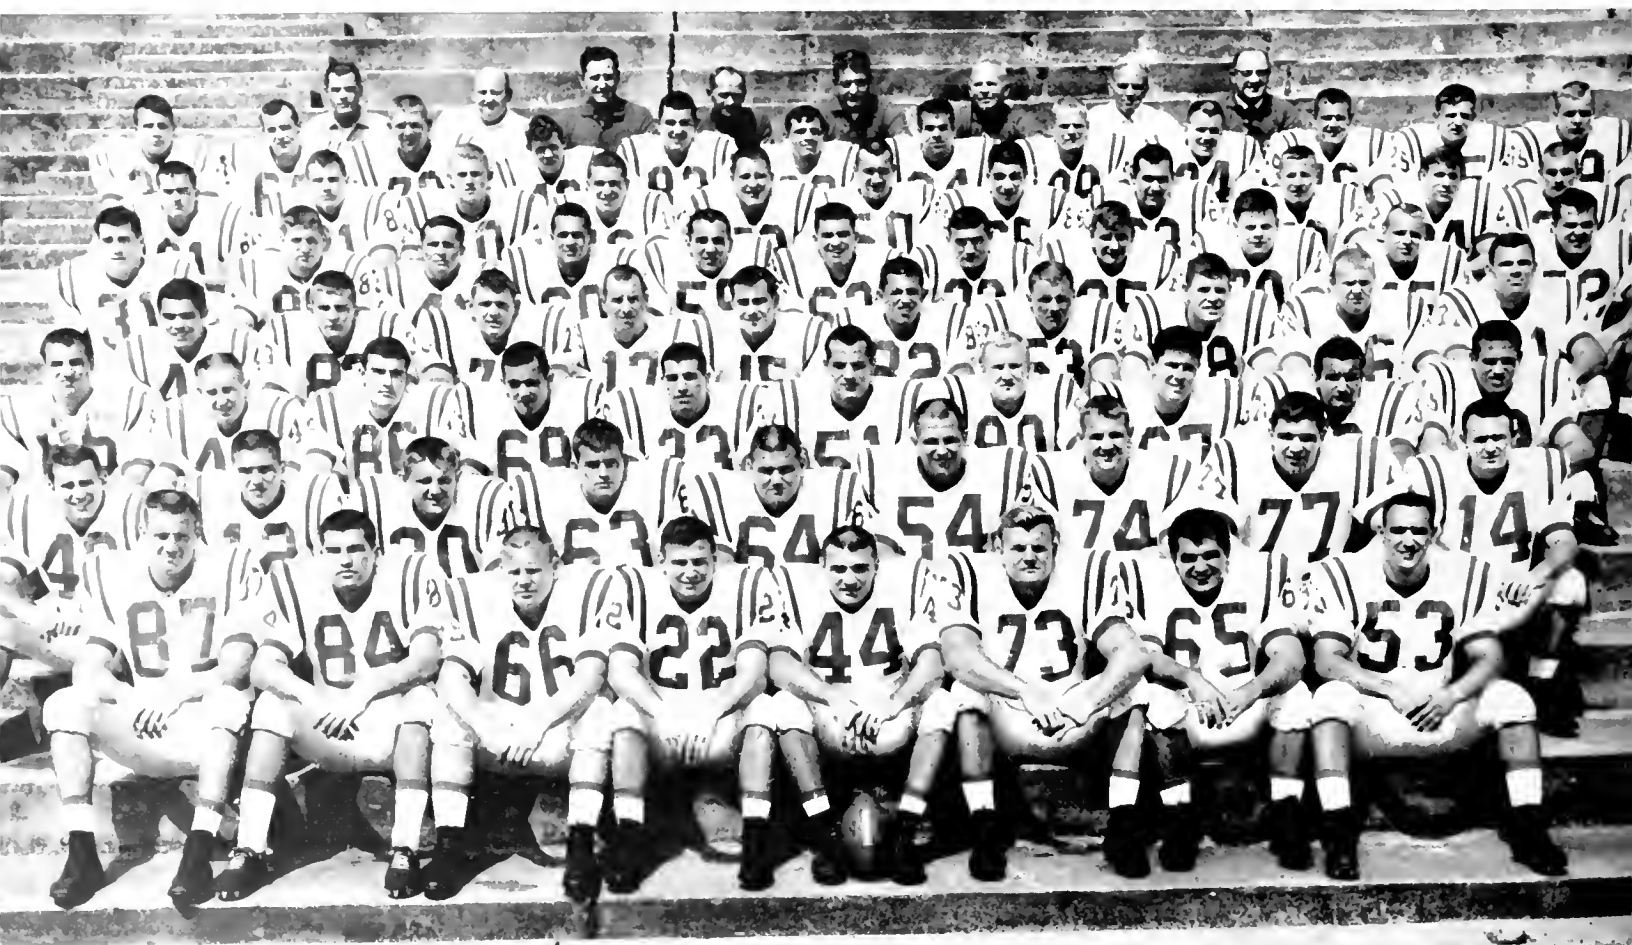

Coach Earle Edwards points the finger of authority, the same skill and authority that helped make him Coach of the Year in the ACC.

"THE WOLFPACK"

Ability, experience, and desire combined to make a dark horse team into an action packed champion. Our men gave the name "Wolfpack" a new meaning in the meager minds of such lesser animals as "terps," "tigers," "gamecocks," "gobblers," and even "blue devils." Although the "Wolfpack" visited Riddick Stadium only three times during the season, they helped stimulate an exciting new feeling of pride and spirit at dear ole N. C. State of the University of North Carolina at Raleigh, etc., and so on.

First Row: B. Faircloth, D. Montgomery, P. Powell, M. Clark, J. Scarpati, B. Wilder, J. Schafer, J. Krecicki; **Second Row:** T. Koszarsky, M. Barnes, D. Houtz, B. Sullivan, R. Wood, O. Overcash, C. Coaches B. Smaltz, A. Michaels, E. Driscoll, C. Brewbaker, Chancellor Caldwell, Head Coach E. Edwards.

The "Wolves" warm up prior to the kill.

STATE 36—MARYLAND 14

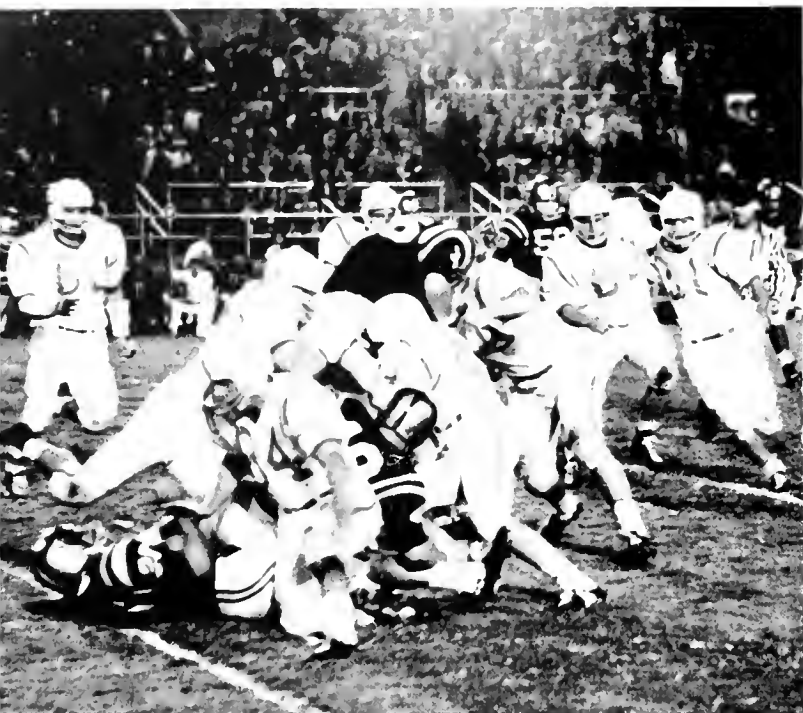

The "Also Ran" rated Pack "ran like hell." State's veteran backs gained 246 yards on the ground and Rossi hit eight out of ten passes for an additional 94 more yards. The Wolfpack forward wall dished out a bone crushing 60 minute performance for the host Terps. Koszarsky, Clark, and Rossi charged for three scores, and Rossi passed to Guin and Faircloth for two more.

Jimmy Guin has clear path to goal after perfect strike from Rossi . . .

Bob Faircloth and Mike Clark enjoy the spoils of victory.

STATE 14—SOUTHERN MISSISSIPPI 0

Rossi completed 21 out of 25 for a total of 225 yards and two touchdowns through the air. Gus Andrews added both extra points to round out the game's scoring. State's forward line again held its opponents intact.

The Wolfpack defense exerts "great vigor" toward an opponent.

STATE 7—CLEMSON 3

Clemson's alumni association IPTAY—I Pay Ten a Year—should have bought "booze" with their ten this year. Maybe if they had, the Tiger funeral in death valley could have been less mournful. The Wolfpack line held their ground on both offense and defense and allowed the Tigers only 3 points. The high moment of the afternoon came when Rossi found Ray Barlow all alone in the Clemson's secondary and tossed him a 78-yard TD pass.

Barlow crosses the goal all alone after a 78-yard pass from Rossi.

STATE 18—UNIV. OF SOUTH CAROLINA 6

The Wolfpack made it four in a row when they invaded Columbia and wrung the "Gamecock's" neck. The defense was again a tremendous factor, limiting the USC offense to a total of 30 yards in the first half. Jimmy Rossi was again the spark, rushing for 78 yards and passing for another 59 yards. Scoring was provided by Koszarsky and Pete Falzarano and by a brilliant play by Don Montgomery who blocked a USC punt, recovered the loose pigskin and carried it across the goal.

Halftime is a time for rest and strategy for the final 30 minutes of battle.

STATE 10—CAROLINA 31

Well, if you beat a team every year on opening day, they might want to postpone defeat until later on in the season, and if you beat them then, they might not want to play you at all.

Every team needs an alibi now and then, but the Pack claimed none. They battled all the way. Although many State boosters felt disappointed in the outcome, they did take delight in Tony Koszarsky's electrifying 76-yard TD pass interception as the first half ended, and in the way the Pack fought to the end.

Rossi drops back to hit Montgomery with a pinpoint pass.

Tony Koszarsky on his way to UNC's goal with intercepted pass . . .

Joe Scarpati receives a Rossi TD special and races 18 yards to goal.

Duke runner wonders if they will ever stop coming.

STATE 21—DUKE 7

After 17 years on the short end of the score, the Wolfpack takes the long end away from the Dook "Blue Devils." State's fierce defense, plus the magic of Rossi, Clark, Montgomery, Scarpati, and company, combined to assure the Pack of at least a piece of the ACC championship. Mike Clark took the ball for a 55-yard ride; then Koszarsky carried it the rest of the

way home for the first score. Then with less than three minutes left in the first half, Rossi unleashed the second 55-yard run of the day and on succeeding plays passed to Scarpati to make it 14-0 at half time. Don Montgomery added the final touches to victory when he intercepted a Duke lateral and raced 10 yards for the game-ending score.

Mike Clark finds a small hole left by Pack linemen. It was rumored that Mike's fellow teammate from Canton, Pat "Piggy" Powell, could even have squeezed through easily too. What a hole!

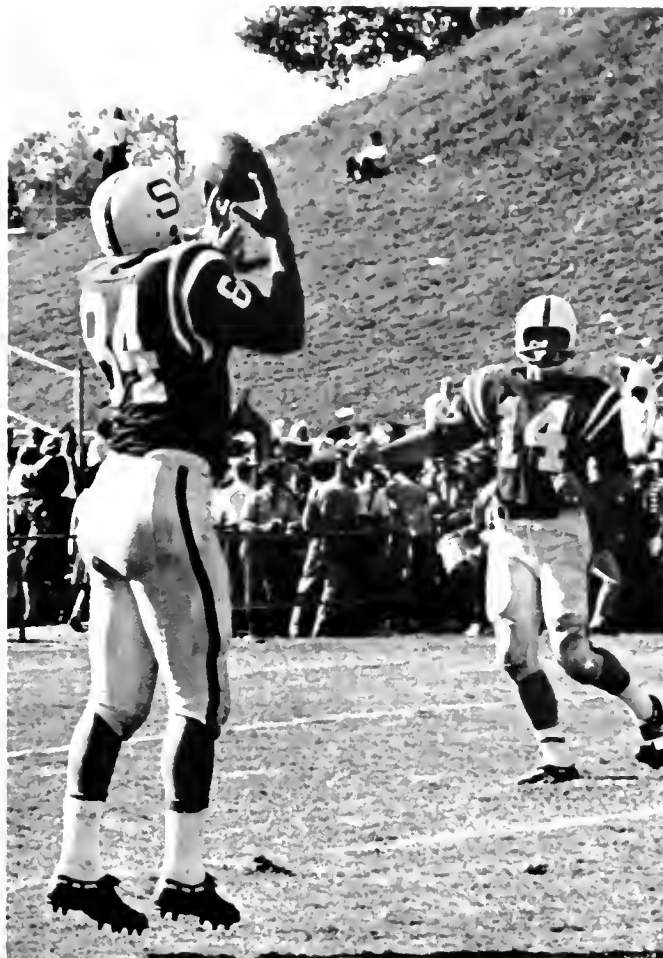

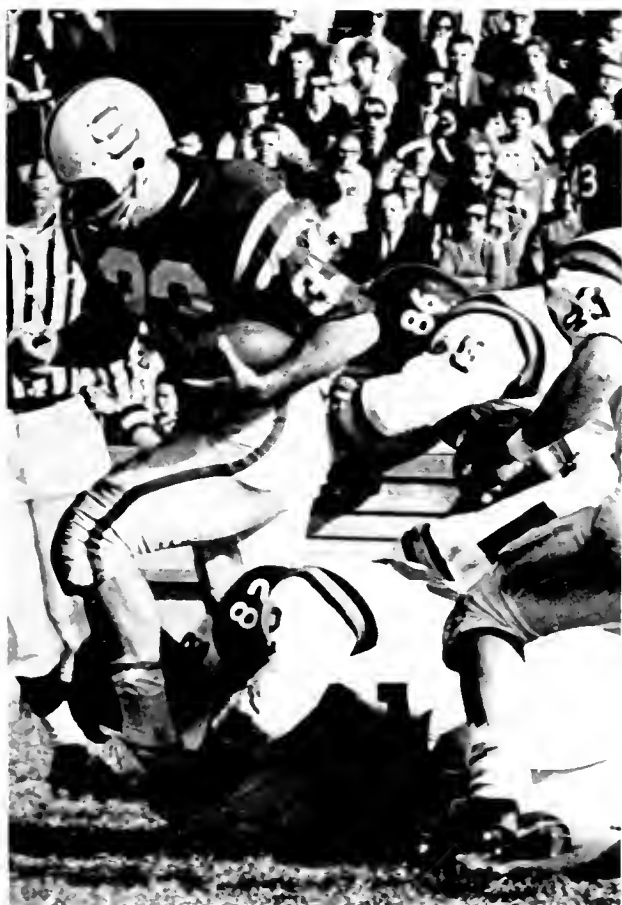

STATE 15—UNIVERSITY OF VIRGINIA 9

State overcame a rash of errors to beat the Cavaliers and remain tied with Carolina for first place in the conference. State combined a one-yard plunge by Falzarano and a blocked punt by Montgomery with the scoring of Mike to remain in the winning column.

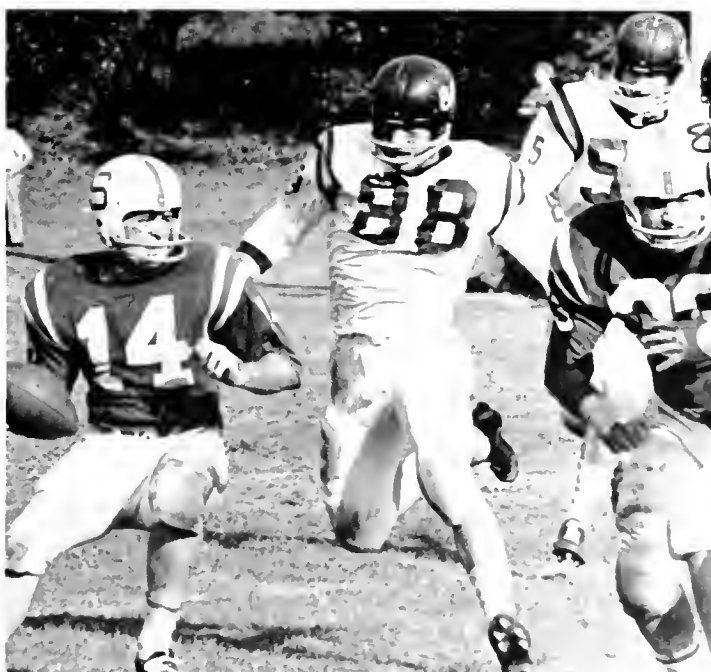

STATE 13—VPI 7

State outlasted VPI to take a step closer to being the ACC champ. A Homecoming crowd watched well-delighted as Tony Koszarsky recovered a "Gobbler" fumble in their end zone and as Jim Rossi passed to Joe Scarpati for the final score.

Pete Falzarano proves that man and bulldozer can become one on certain occasions.

The "Little General" hits a favorite target, All-ACC end Don Montgomery.

Rossi waits until the last second before unleashing a bomb.

Faircloth seems to sum up that dark feeling in the warm Florida sun.

STATE 42—WAKE FOREST 0

The Wolfpack assured themselves a tie with Carolina for the ACC crown with a closing game rout of an often-beaten Wake Forest. Rossi tied two-time All-American Roman Gabriel's record of 8 TD passes in a season with a TD pass to Ray Barlow. The final points of the season, which totaled 176, were scored by the talented toe of Gus Andrews. What a way to end a season!

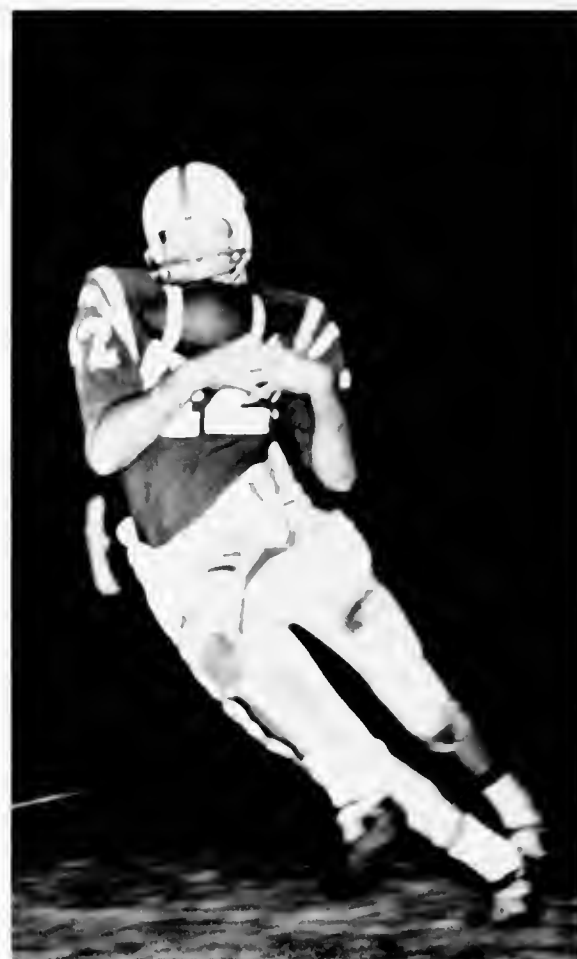

This picture should be self-explanatory.

STATE 0—FLORIDA STATE 14

State found the Florida "Seminoles" too Hell-in-the-Sun. The Pack, plagued with injuries, had the pressure of its record plus the possibility of a bowl bid on its shoulders and found its opponents too strong.

Jim Guin receives a pigskin via Rossi airmail service.

THE LIBERTY BOWL

NCS 12—MISSISSIPPI STATE 16

Although our men were on the short end of the score, we salute the Wolfpack for representing N. C. State and the ACC Conference so well in the Liberty Bowl. The Wolfpack couldn't seem to thaw themselves out until the second half, against a somewhat warmer Miss. State. Mississippi did their scoring on a blocked punt, a 47-yard drive, and a 43-yard field goal, all in the first half. The second half saw the Wolfpack almost overcome the "Bulldogs" 16-0 lead. Jimmy Rossi scored on a one yard plunge and later passed to Ray Barlow for our final total of twelve points. The game ended with the Wolfpack in "Bulldog" territory trying for another six points.

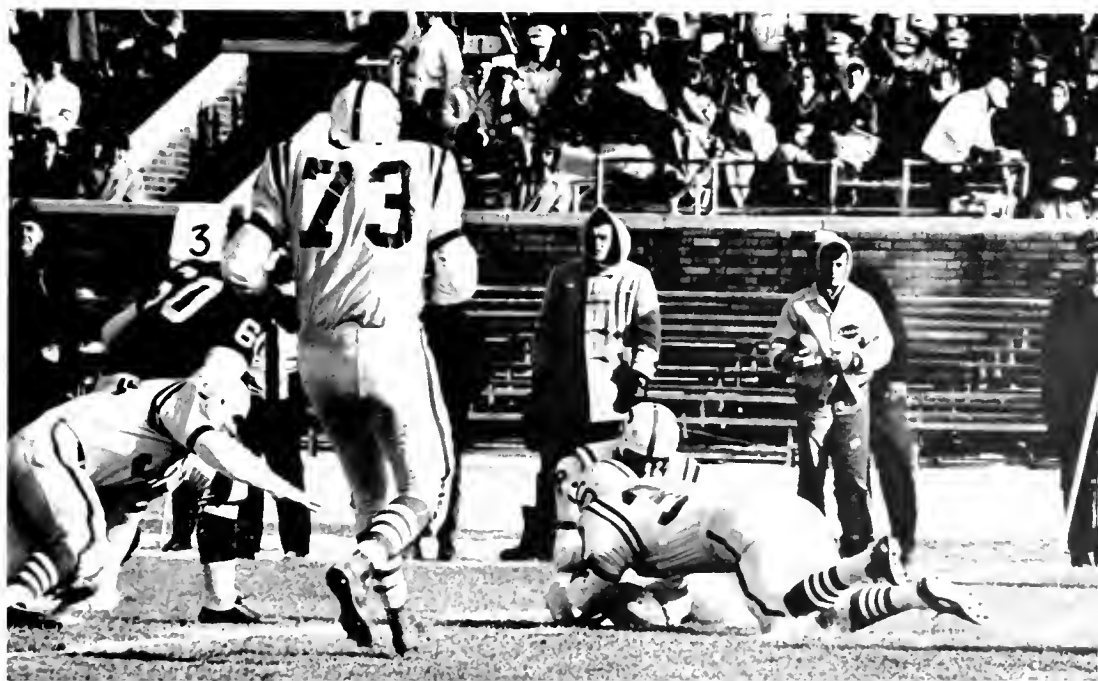

"Kill the man with the ball."

Rossi sneaks for a short gain.

Fumbles were numerous.

BASKETBALL

First Row: R. Erb, G. Hale, T. Mattocks, B. Moffitt, T. Capalbo, S. Gealy; **Second Row:** Mgr. W. Dunn, H. Blondeau, R. Hodgdon, L. Robinson, J. Sellers, D. Moore, Head Coach E. Case; **Third Row:** Asst. Coach P. Maravich, P. Auksel, L. Worsley, P. Taylor, K. Dunstan, L. Lakins, Asst. Coach L. Pucillo.

1963-64 Basketball Results

Although the Wolfpack cagers suffered one of the most miserable seasons since moving into Reynolds Coliseum, their youth, fight, plus the wisdom and strategy of the "Grey Fox," always provided excitement for State followers. Next year should see State's record improve as a young team becomes more experienced, and as this year's strong freshman team advances to the varsity ranks.

INTRAMURALS

Athletic Advisory Council

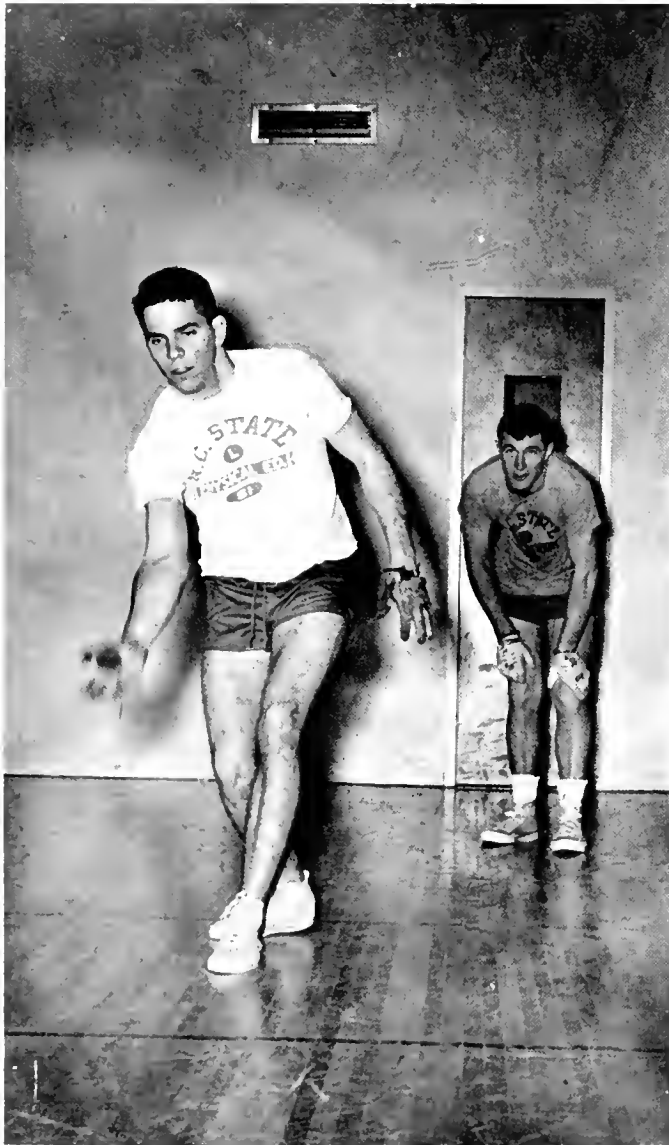

The intramural program at State College is one of the most successful programs of this type in the country. State College has the finest facilities and one of the best run programs to be found anywhere. Under the able leadership of Art Hoch, intramural sports are enjoyed by almost everyone connected with N. C. State.

SPE, football champs for fraternity division, also overall intramural fraternity champs.

Action in "touch" football game.

Two students enjoy one of the most popular sports in the intramural program.

MILITARY

ARMY R. O. T. C.

The Army ROTC unit at State College consists of an Army brigade and a drum and bugle corps. The Army brigade, commanded by a cadet colonel and staff, consists of a provisional battalion and three battle groups. The cadet colonel and all other cadet officers are selected from students enrolled in the second year advanced course. Certain specially selected students in the second year basic course are appointed as cadet non-commissioned officers. Cadet officers and non-commissioned officers obtain invaluable experience in leadership by being responsible for conducting all drill instruction. They are observed and supervised in this by the officers and non-commissioned officers of the Army assigned to the College.

SCABBARD AND BLADE

W. E. Davis, 2nd Lt., G. P. Kittrell, 1st Lt., S. S. Trott, Capt.

Scabbard and Blade is a national military honor society with companies established in 171 leading colleges and universities. Company G, 3rd Regiment was founded at N. C. State in 1922.

The purpose of Scabbard and Blade is primarily to raise the standard of military education in American colleges and universities, to encourage and foster the essential qualities of good and efficient officers, and to promote friendship and good-fellowship among the cadet officers.

Some cadets have it made

"When was the last time you had a haircut?"

AIR FORCE R.O.T.C.

From the Air Force ROTC at N. C. State, the United States obtains future leaders for the Aerospace Age.

In the first two years of Air Science, cadets learn the fundamentals of organization and discipline necessary to all military units.

Emphasis is also placed on a basic knowledge of the Aerospace Age and an understanding of the effect of air power on world affairs, which is essential for good citizenship, civilian or military.

In the advanced course, selected juniors and seniors may qualify for commissions as 2nd lieutenants after completing intensive academic and leadership training.

The overall objective of the Air Force ROTC is to create in cadets the qualities of leadership and the ability to communicate effectively. These are the keys to success in either military or civilian careers.

Spencer, J. Icard, T. Clark; **Fifth Row:** G. Freeman, B. Ruehrwein, J. Harman, B. Keller; **Sixth Row:** D. Grady, J. Snow, B. Holt, G. Hayes; **Seventh Row:** V. Burke, C. Cooper, C. Williamson, M. Mullis.

MARCHING CADETS

The Marching Cadets is an Air Force ROTC social fraternity. The fraternity was organized in the fall of 1960 and has progressed at a very rapid pace. It now has over 100 members and is ready to start expanding to other colleges which have Air Force detachments. The fraternity is centered around a crack drill team, which performs in local and national competition. The drill team also represents N. C. State in parades, at football games, and on memorial days. Some of the purposes of the fraternity are to give its members social activities, more precise military training, and to develop their personalities in an atmosphere of brotherhood. The name "Marching Cadets" carries with it a high degree of prestige. Those men who are Marching Cadets are considered to be the "top notch" cadets of the AFROTC.

Pres. R. M. Carnes, V-Pres. D. B. Hill, Sec. S. B. Land, Treas. J. E. Massfeller.

"Nov. 22, 1963"

ARNOLD AIR SOCIETY

The Arnold Air Society is primarily designed as a fraternity in which dedicated cadets can render service to the Air Force ROTC, to the university, and to the community. The society also is designed, to a lesser degree, as a social fraternity wherein members can become adept at military protocol and acquire social polish.

The George V. Holloman Squadron of the Arnold Air Society was organized at N. C. State in 1951. The past three years, with Lt. Col. Blanton as advisor, have seen the squadron advance the scope and number of its activities and undergo an increase in active membership to forty Air Force ROTC cadets.

OFFICERS: M. W. Weeks, Insurance Office; E. P. Page, Information Officer; W. W. Hill, Operations Officer; B. C. Glosson, Commander; Lt. Col. F. D. Blanton, Advisor; J. K. Rudisill, Executive Officer; L. C. Woodall, Jr., Administrative Officer; J. H. Hyder, Jr., Chaplain.

AREA B-2 STAFF: (L-R) R. M. Carnes, Liaison Officer; J. F. Rabb, Executive Officer; O. R. Wiseman, Commander; P. G. Clegg, Operations Officer; T. C. Church, Jr., Comptroller.

MISS VICKY SMITH
Sponsor

First Row (L-R): G. O. Weaver, J. A. Killough, J. K. Rudisill, J. W. Gray, R. E. Thomas, R. M. Carnes, D. W. Ross, J. F. Rabb, L. H. Lindsay, W. W. Hill; **Second Row** (L-R): O. R. Wiseman, L. G. Miller, O. C. Jones, G. W. Wooten, J. H. Hyder, D. D. Leonard, D. S. Craddock, T. C. Church, Jr., M. W. Weeks, L. C. Woodall, Jr., G. W. Phillips; **Third Row** (L-R): B. C. Glosson, D. J. Golden, P. G. Clegg, R. B. Bourne, R. C. Paschall, D. J. Ivey, E. P. Page, J. M. Spainhour, D. W. Bell, S. F. Johnson, S. L. Williams, J. R. Haire, Col. Blanton.

N.E.S.E.P.

The Navy Enlisted Scientific Education Program (NESEP) is a college training program for outstanding petty officers on active duty in the U. S. Navy and selected non-commissioned officers on active duty in the U. S. Marine Corps. The program leads to appointment to commissioned grade of ensign, U. S. Navy or second lieutenant, U. S. Marine Corps.

NESEP was established to meet the demand for personnel with a high order of technical competence in the scientific and engineering fields to cope with the problems and complexities of modern warfare and to add to the national pool of engineering and scientific talent. The NESEP was established at N. C. State in 1961.

Candidates for the program are chosen by a highly selective competitive procedure. Acceptance by the college or university is the final hurdle prior to entrance of an appointee.
